Smt. Rinata Das, Joint Director (Procurement), DTE&T Odisha, Mob. 9861132851

NOTE:

- Amendments/Corrigendum(a) to the RFP document, if any, would be published on the website of DTE&T Odisha and Odisha e-Procurement portal only. Please visit the website: www.dtet.odisha.gov.in/www.tendersodisha.gov.in regularly for the same.
- A bidder may submit their both technical and commercial proposals after fulfilling the minimum eligibility criteria mentioned in Section 4.
- Proposals must be submitted before the date, time and venue mentioned in the Factsheet through Online (e-tender) www.tendersodisha.gov.in. Proposals that are received after the deadline will not be considered.
- The Director, DTE&T reserves all the rights to cancel the Selection Process and reject any or all the proposals at any point of time.
- No contractual obligation whatsoever shall arise from the RFP document unless and until a formal contract is signed and executed between the Director, DTE&T and the Selected Bidder.
- The Director, DTE&T disclaims any factual or other errors in the RFP document (the onus is purely on each Bidder to verify such information) and the information provided therein are intended only to help the Bidder(s) to prepare a proposal in accordance with the terms and conditions as set out in this RFP document.
- **Exemption may be given to the local MSMEs/local Start-Ups (registered in Odisha) for submission of Tender Fee & EMD as per the Odisha Procurement Preference Policy for Micro and Small Manufacturing Enterprises-2023 (MSME Department Notification No. 566/MSME dated 24.01.2024) and Odisha General Finance Rules (OGFR) only after submission of proper documents as proof. An AFFIDAVIT may be submitted as per the TECH-11.**
- **Price Preference is not applicable in this tender.**
- Tender Fee and EMD exemption are not available to any Dealer/ Distributor/ Trader etc., who is not registered as a Manufacturer of similar category of Goods in Odisha.
- If a Bidder participates as Joint Venture (JV) /Consortium, the exemptions for submission of Tender Fee & EMD shall not be applicable for them.

2. E-TENDERING

Procedure for Participation in e-tendering

- 1) Web address of E-tendering website: [https:// www.tendersodisha.gov.in](https://www.tendersodisha.gov.in).
- 2) The Digital Signature enrollment has to be done with the e-token, after logging into the portal. The e-token may be obtained eMudhraCA/GNFC/IDRBT/MtnlTrustline/SafeScript/TCS.
- 3) Bidder then logs into the portal giving user id / password chosen during enrolment.
- 4) The e-token that is registered should be used by the bidder and should not be misused by others.
- 5) DSC once mapped to an account cannot remap to any other account. It can only be inactivated.
- 6) The Bidders can update well in advance, the documents such as certificates, purchase order details etc., under My Documents option and these can be selected as per tender requirements and then attached along with bid documents during bid submission. This will ensure lesser upload of bid documents.
- 7) After downloading / getting the tender schedules, the Bidder should go through them carefully and then submit the documents as per the tender document; otherwise, the bid will be rejected.
- 8) The BOQ template must not be modified/replaced by the bidder and the same should be uploaded after filling the relevant columns, else the bidder is liable to be rejected for that tender. Bidders are allowed to enter the Bidder Name and Values only.
- 9) If there are any clarifications, this may be obtained online through the eProcurement Portal, or through the contact details given in the tender document. Bidder should take into account of the corrigendum published before submitting the bids online.
- 10) Bidder, in advance, should prepare the bid documents to be submitted as indicated in the tender schedule and they should be in PDF formats. If there is more than one document, they can be clubbed together.
- 11) Bidder should arrange for the EMD as specified in the tender.
- 12) The bidder reads the terms and conditions and accepts the same to proceed further to submit the bids
- 13) The bidder has to submit the tender document(s) online well in advance before the prescribed time to avoid any delay or problem during the bid submission process.
- 14) There is no limit on the size of the file uploaded at the server end. However, the upload is decided on the Memory available at the Client's System as well as the Network bandwidth available at the Client side at that point of time. In order to reduce the file size, bidders are suggested to scan the documents in 75- 100 DPI so that the clarity is maintained and also the size of file also gets reduced. This will help in quick uploading even at very low bandwidth speeds.
- 15) It is important to note that, the bidder has to Click on the Freeze Bid Button, to ensure that he/she completes the Bid Submission Process. Bids which are not Frozen are considered as Incomplete/Invalid bids and are not considered for evaluation purposes.
- 16) The Tender Inviting Authority (TIA) will not be held responsible for any sort of delay, or the difficulties faced during the submission of bids online by the bidders due to local issues.

- 17) The bidder may submit the bid documents online mode only, through this portal. Offline documents will not be handled through this system.
- 18) At the time of freezing the bid, the eProcurement system will give a successful bid updating message after uploading all the bid documents submitted and then a bid summary will be shown with the bid no, date & time of submission of the bid with all other relevant details. The documents submitted by the bidders will be digitally signed using the e-token of the bidder and then submitted.
- 19) After the bid submission, the bid summary has to be printed and kept as an acknowledgement as a token of the
- 20) The bid summary will act as a proof of bid submission for a tender floated and will also act as an entry point to participate in the bid opening event.
- 21) Successful bid submission from the system means, the bids as uploaded by the bidder is received and stored in the system.
- 22) System does not certify for its correctness.
- 23) The bidder should see that the bid documents submitted should be free from virus and if the documents could not be opened, due to virus, during tender opening, the bid is liable to be rejected
- 24) The time that is displayed from the server clock at the top of the tender Portal, will be valid for all actions of requesting bid submission, bid opening etc., in the e-Procurement portal. The Time followed in this portal is as per Indian Standard Time (IST) which is GMT+5:30. The bidders should adhere to this time during bid submission.
- 25) All the data being entered by the bidders would be encrypted at the client end and the software uses PKI encryption techniques to ensure the secrecy of the data. The data entered will not be viewable by unauthorized persons during bid submission and not viewable by any one until the time of bid opening. Overall, the submitted bid documents become readable only after the tender opening by the authorized individual transferred over secured Socket Layer (SSL) with 256-bit encryption technology. Data encryption of sensitive fields is also done.
- 26) The bidders are requested to submit the bids through online eProcurement system to the TIA well before the bid submission end date and time (as per Server System Clock).

3. SECTION I: Letter of Invitation

RFP No:

Date:

Name of the Assignment: “RFP for establishment of CoE in Additive Manufacturing at Govt. ITIs of Odisha”.

Bidders should submit the required supporting documents as mentioned above. Bids not conforming to the eligibility criteria and non-submission of required documents as listed above will lead to rejection of the bid. Submission of forged documents will also result in rejection of the bid. Bidders are advised to study all instructions, forms, terms & conditions, and other important information as mentioned in the RFP document. The proposal must be completed in all respect, indexed. Each page should be numbered and signed by the authorized representative. Client at its own discretion reserves the right to ask for clarifications/supporting documents at any time during evaluation.

4.3 In case of Joint Venture/Consortium

Joint Venture (JV)/Consortium

Three Companies/Agencies may jointly undertake contract(s). Each entity will be jointly and severally responsible for completing the task as per the contract.

Joint Venture/Consortium details:

Name of all Members of a JV/Consortium (Not more than 3) :

1. Lead Member (minimum participation share – 50%)
2. Other Member (minimum participation share – 20%)

Joint Venture/Consortium must comply the following requirements:

- I. The qualifying criteria parameter e.g. past experience, financial capacity/turnover (of the relevant period) and other eligibility of the individual member of the JV/Consortium will be added together and the total criteria should not be less than as spelt out in qualifying/ Experience and Eligibility criteria as specified in e-tender Notice/ Bid document/ Experience and Eligibility Criteria.
- II. In case the Bidder is a Joint Venture, the work experience of any one, or two of the individual Partners of JV or the JV itself may be furnished as the work experience of the Bidder.

RFP for establishment of Centre of Excellence (CoE) in Additive Manufacturing at Govt. ITIs
Work Order, BOQ, TDS etc. may be sought during clarification or along with deficient documents, if felt necessary by the Tender Committee.

- III. The formation of JV/Consortium or change in the JV/Consortium character/ members after submission of the bid and any change in the bidding regarding JV/Consortium will not be permitted.
- IV. The bid, and in case of a successful bid - the agreement, shall be signed so as to legally bind all members jointly and severally and any bid shall be submitted with a copy of the JV/Consortium Agreement providing the joint and several liabilities with respect to the contract.
- V. The bid submission must include documentary evidence to the relationship between JV/Consortium members in the form of JV/Consortium Agreement to legally bind all partners jointly and severally for the proposed agreement which should set out the principles for the constitution, operation, responsibilities regarding work and financial arrangements, participation (percentage share in the total) and liabilities (joint and several) in respect of each and all of the firms in the JV/Consortium. Such JV/Consortium Agreement must evidence the commitment of the parties to bid for the facilities applied for (if pre-qualified) and to execute the contract for the facilities if their bid is successful.
- VI. One of the members shall be nominated as 'In-charge' of the contract and shall be designated as Lead Partner. This authorization shall be evidenced by submitting with the bid a Power of Attorney signed by legally authorized signatories of all the members.
All the partners of a JV/Consortium may together authorize the Lead Partner to submit the bid on behalf of the JV/Consortium, along with an undertaking that in case of a successful bid, the work shall be executed by the JV/Consortium as per contract terms of the bid document.
Note: This authorization must be a part of the JV/consortium agreement if the Bid is submitted by the lead partner on behalf of the JV/Consortium.
- VII. The JV/Consortium must provide that the Lead Member shall be authorized to incur liabilities and receive instructions for and on behalf of any and all members of the JV /Consortium and the entire execution of the contract shall be done with active participation of the Lead Member.
- VIII. The contract agreement should be signed by each JV/Consortium members. Subsequent declarations/letters/documents shall be signed by lead member authorized to sign on behalf of the JV/Consortium or authorized signatory on behalf of JV /Consortium.
- IX. The bid should be signed by the person submitting the bid, duly authorized by all the members of the JV /Consortium.
- X. An entity can be a member of only one JV /Consortium. Bid submitted by JVs /Consortium /Lead Partner, consisting of the common entities as member will be rejected.
- XI. The JV /Consortium agreement may specify the share of each individual member for the purpose of execution of this contract. This is required only for the sole purpose of apportioning the value of the contract to that extent to individual member for subsequent submission in other bids if he intends to do so for the purpose of the qualification in that Bid.
- XII. The earnest money / bids security can be submitted by the Joint Venture /Consortium or one or

- XIII. The JV /Consortium agreement must specifically state that it is valid for the project for which bidding is done. If JV/Consortium breaks up midway before award of work and during bid validity period bid will be rejected.
- If JV /Consortium breaks up midway before award of work and during bid validity/after award of work/during pendency of contract, in addition to normal penalties as per provision of bid document, all the members of the JV /Consortium shall be debarred from participating in future bids for a minimum period of 24 months.
- XIV. JV /Consortium agreement shall be registered in accordance with law so as to be legally valid and binding on the members before making any payment.
- Note: If the work is awarded to a JV /Consortium firm, they will register the JV /Consortium agreement under Registration Act in accordance with law
- XV. JV/Consortium shall open a bank account in the name of JV/Consortium and all payments due to the JV/Consortium shall be credited by purchaser to that account only. To facilitate statutory deductions all statutory documents like PAN, GST registration etc. shall be submitted by JV/Consortium at the time of execution of Agreement.
- XVI. In case of JV /Consortium, PAN card for each partner of JV /Consortium must be submitted.

- XVIII. Scanned copy of JV /Consortium Agreement as per **TECH-7** of General Terms and Conditions/SLA, containing name of partners and lead partner, Power of Attorney to the lead partner and share of each partner.
- XIX. Power of Attorney of the respective partners from the Board of Directors of the concerned Company, or from the partners of the entity, or from the proprietor, authorizing the signatory of JV /Consortium agreement on behalf of them;
- XX. The document(s) (any of them as applicable) regarding legal status of all the individual partners of JV /Consortium mentioned below:
- a) Affidavit or any other document to prove proprietorship/Individual status of the Bidder,
OR
 - b) Partnership deed containing name of partners.
OR
 - c) Memorandum & Article of Association with certificate of incorporation containing name of Bidder.

1. Bid Processing Fee (Non-Refundable):

The bidder must furnish as part of technical Bid, the required bid processing fee amounting to **Rs. 10,000/- + Rs. 1800 (GST @18 %) = Rs. 11,800** (Rupees Eleven Thousand Eight Hundred). Payment should be done through online mode. Proof of submission must be attached with the technical bid. Bids received without bid processing fee will be rejected.

2. Earnest Money Deposit (EMD):

The bidder must furnish, as part of the technical Bid, an Earnest Money Deposit (EMD) amounting equal to **INR 30,00,000/-** Payment should be done through online mode and valid for minimum 225 days from the last date of submission of bids. Bids received without EMD will be rejected. Proof of submission

RFP for establishment of Centre of Excellence (CoE) in Additive Manufacturing at Govt. ITIs
must be attached with the technical bid.

The EMD amount is interest free and would be refunded through online mode after finalization of selection process and award of contract. The EMD, for the amount mentioned above, of the successful Bidder would be returned only after furnishing the required Performance Security and signing of the contract. The EMD will be forfeited on account of the following reasons:

- A Bidder engages in a corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice as envisaged under this RFP (including the standard form of Work Order); or,
- If any Bidder withdraws its Proposal during the Bid Validity Period as specified in this RFP and as extended by the Bidder from time to time; or,
- In the case of the Selected Bidder, if the Selected Bidder fails to accept the Work Order or execute the Contract or fails to furnish the Performance Security within the specified time limit; or,
- If the Bidder commits any breach of terms of this RFP or is found to have made a false, representation to the client.

3. Performance Security:

- a. The successful bidder, within 15 days after the receipt of notification of award of the Contract (LoA) from DTE&T, shall furnish Contract Performance Guarantee to the DTE&T, Odisha which shall be equivalent to 5% of Total Bid Value (excluding taxes) and shall be in the form of a Bank Guarantee /e-Bank Guarantee from any of the commercial banks in India in the Performa given here-in-after in this document valid initially 68 months and may be extended beyond three years of completion of warranty period from the date of award of Contract as specified in the document.
- b. The proceeds of the performance guarantees shall be payable to the DTE&T, Odisha as compensation for any loss/ penalties resulting from the Selected Bidders failure to complete its obligations under the Contract.
- c. The performance guarantee will be released by DTE&T, Odisha and returned to the Selected Bidder after 60 days of completion of warranty period subject to fulfillment of all obligations on recommendation of respective Principal.

4. Proposal Validity:

Proposal shall remain valid for a period of **180 (One Hundred Eighty) days** from the date of opening of the technical proposal. The Client reserves the right to reject a proposal valid for a shorter period as non-responsive and will make the best efforts to finalize the selection process and award of the contract within the bid validity period. The bid validity period may be extended on mutual consent. If agreed upon, the bid security so deposited shall also be suitably extended.

5. Pre- Proposal Queries:

The Bidder may seek clarification on any part of this RFP up to five (5) days from the date of issuance of the tender. Queries shall be submitted through email to dtetodisha.procurement@gmail.com , as specified in the Bidder Data Sheet. Bidders may submit their queries relating to the RFP and any other relevant details to DTE&T in the format prescribed below.

Sl	Section/Page No and RFP Clause reference.	Content of RFP requiring clarifications	Queries/ Change/Clarification requested

The client will address the queries submitted by the bidders.

- i. The Client's responses to Bidder queries (if any) will be made available to all Bidders and shall be

RFP for establishment of Centre of Excellence (CoE) in Additive Manufacturing at Govt. ITIs uploaded on the Client's website. It shall be the Bidder's responsibility to check the Client's website for the responses to the queries or requests for clarification.

- ii. Any such corrigendum shall be deemed to be incorporated into this RFP and binding on all Bidders.

6. Submission of Proposals:

The bid should be submitted through Online mode only in www.tendersodisha.gov.in.

The tender is to be submitted electronically in two separate Cover No.1 (Technical Cover) and Cover No. 2 (Financial Cover) and contents as indicated below:

Cover No.1 (Technical Cover)

3.1	Technical PPT Presentation: - Understanding the scope of work – 02 Marks - Methodology and Implementation – 02 Marks - Response to questions - 02 Marks - Proposed Plan for Training and Certification of Trainees – 02 Marks - Placement plan for certified trainees etc.- 02 Marks	10	
	Grand Total (1 + 2 + 3)	100	
- The minimum qualifying mark is: 70 - Bidder must score at least 70% to qualify for opening of Financial Bid. - The scores provided by the Technical Committee will be considered as final. - The Technical PPT presentation on Bidder's proposals includes description of products make, model & proposed specifications of items in their Technical Proposal, past experience, objective, proposed plan, approach and methodology etc.			

Selection of Bidder

All responsive Bids will be considered for further processing as below:

- a. Technical Evaluation Committee will prepare a list of responsive Bidders, who comply with all the Terms and Conditions of the Tender. All eligible bids will be considered for further evaluation by the Committee according to the evaluation process defined in this RFP document. The decision of the committee will be final and binding on all bidders and cannot be questioned at any stage of evaluation.
- b. DTE&T reserves the right to ask for a technical elaboration/clarification in the form of a technical presentation from the Bidder on the already submitted Technical Proposal at any point of time before opening the Financial Proposal by providing at least 3 days of advance notice.
- c. DTE&T, Odisha also reserves the right to seek confirmation/clarification from the issuing agency for the supporting documents submitted by the bidder. To assist in the examination, evaluation and comparison of the bids, and qualification of bidders, the committee may, at its discretion, ask any bidder for a clarification of its bid. The committee's request for clarification and the response shall be in writing through approved mode only and no other mode shall be entertained. Any clarification submitted by a bidder that is not in response to a request shall not be considered.
- d. If any bidder fails to provide the requested presentation/clarification/information within the stipulated date and time given by the DTE&T, Odisha, the bid shall be technically disqualified. The request for clarification and the response shall be in writing, without any alterations regarding the price or substance of the bid submitted.
- e. Further the scope of evaluation committee also covers taking any decision regarding the Tender document, execution/ implementation of the project including management period.
- f. A detailed evaluation of the bids shall be carried out by the Technical Evaluation Committee in order to determine whether the Bidders are competent enough and whether the technical aspects are substantially responsive to the requirements set forth in the RFP document. The bidders must submit the Make, Model, Features, and Technical Specifications along with the images of equipment for which they are submitting the bid. Bidders may propose better technical specifications which may fit for the labs.
- g. Bidders failing to comply with any of the above then the Bid will be summarily rejected. Bidders who score at least 70% marks in Technical Evaluation criteria set forth in this RFP document will be eligible for opening of their Financial Bid. If a bid does not meet minimum score, it will be deemed technically non-compliant and will not proceed to the financial evaluation.
- h. Bidders are requested to visit the respective proposed institute for setting-up the CoE and they need to project thru 3D view, how they are planning to setup the labs and place all equipment at CoE.
- i. The bidders are expected to provide following details along with their technical bids.
 - Detailed 3D design (in CAD format) of the CoE along with 3D view of the lab and specifications of proposed Civil, Electrical, Plumbing works, Furniture & Fittings etc.
 - Detailed Execution Plan
 - Human Resource Deployment Plan/ CV of proposed trainers.
 - Project Delivery Plan
 - Plan for Industry-Academia GAP analysis and preparation of industry relevant Course Curriculum.
 - Assessment and Certification Plan
 - Placement Plan
 - any suggestions (if any)
 - Other Requirements (if any)

C. Evaluation of Financial Proposal (3rd Stage)

The financial proposals shall be opened on the prescribed date in the presence of the bidder/bidder's

RFP for establishment of Centre of Excellence (CoE) in Additive Manufacturing at Govt. ITIs
representative who wishes to attend the meeting with proper letter of authorization. The name of the bidder along with the quoted financial price will be announced during the meeting.

1. The financial bids of bidders whose bids have been technically qualified (i.e., obtained minimum **70 marks** in Technical Evaluation) shall be opened by the Committee on the date and time specified in the RFP
2. Least Cost Selection (LCS) method will be followed during the Financial Evaluation and overall selection process.
3. Price Quoted without tax (as applicable) of the following will be considered together for Evaluation of the Financial Bid Evaluation.

I. Total Cost of the Project

II. Total Cost of Comprehensive Annual Maintenance Contract (CAMC) for 03 Years

4. The bidder with Lowest Quoted Price (L1) will be considered as Final Selected Bidder.
5. In case two or more bidders quoted the same prices, the Committee shall decide on the L1 bidder based on the following tie-breaking criteria:
 - i. The bidder's turnover for the financial year 2024-25 will be considered first.
 - ii. If the tie persists, the turnover for the financial year 2023-24 will be considered.
[If further tie-breaking is required, the turnover for the financial year 2022-23 will be considered.
 - iii. If the tie remains unresolved after considering the above financial years, the L1 bidder will be determined by a draw, which will take place in the presence of the concerned bidders. The Committee's decision on this matter should be final and binding.
6. If a tenderer submits a bid with what appears to be predatory pricing or an abnormally low bid, the Tender Evaluation Committee may request a written clarification from the bidder. The bidder will be asked to provide a detailed price analysis, price break up, or justification of the quoted price, considering the scope, schedule, risk allocation, and any other requirements outlined in the tender documents.
If, after reviewing the price analysis or justification, the bidder fails to provide adequate supporting documentation, evidence, or calculations to substantiate the quoted price, the Committee may, at its sole discretion, reject the bid.

8. Contract Negotiations:

Contract negotiation, if required will be held at a date, time and address as intimated to the selected bidder/s. The bidder will, as a pre-requisite for attendance at the negotiations, confirm availability of all the proposed staff or the assignment. Representative conducting negotiations on behalf of the bidder must have written authority to negotiate and conclude a contract.

9. Award of Contract:

- a. Being the lowest bidder (L1) is not the sole criterion for the award of the contract. The feasibility of the lowest quoted price will be assessed by the Committee, taking into consideration the relevant rules, terms and conditions outlined in the tender. The Committee's decision in this regard will be final and binding on all parties involved. Upon completion of the evaluation process, the contract will be awarded to the bidder who quoted the lowest price (L1) and complies with all applicable laws, regulations, and provisions stated in the tender.
- b. DTE&T shall inform those Bidders whose Proposals did not meet the requirement or were considered non-responsive, informing them that their Financial Proposals will not be opened after completing the selection process. DTE&T shall simultaneously notify those Bidders who technically qualify on the Technical Evaluation process, informing them of the date and time set for opening of the Financial Proposals.
- c. The Bidder's name, the Proposal Price, the total amount of each Proposal and other such details, will be announced and recorded by the DTE&T at the opening of Proposal.
- d. After acceptance of LoA (Letter of Award) of Contract, Performance Security has to be

- e. The selected Agency shall sign the Agreement within 21 (twenty-one) days from the issuance of LoA (Letter of Award) of Contract:
 - i. DTE&T will sign the Agreement with the successful Bidder for a period as mentioned in 'Duration of Contract' in the document.
 - ii. DTE&T may extend the Agreement for a time period beyond what has been specified in 'Duration of Contract' in the document.
 - iii. DTE&T will also have the right to provide extension/ increase in the scope of work as per the mutually agreed terms and conditions between both the parties.
- f. In case of unsatisfactory or rejection of equipment or performance of L1 bidder, only L2 bidder will be invited for negotiation to supply and fulfill the contract at L1 prices.

10. Payment Modalities:

Payment will be made to the selected company as per the schedule mentioned on achieving milestones/agreed work plan as per the Section-7 (Deliverables & Payment Schedule).

11. Duration of Contract and other timelines:

The contract shall be valid initially for a period of 66 months from the date of issuance of LOA and other timelines are detailed below.

- i. **Supply of equipment/machines:** 4 months from the date of signing the Contract.
- ii. **Installation & commissioning:** 2 months from the date of receiving site readiness confirmation from the Principal of respective Institute.
- iii. **Comprehensive Maintenance Warranty:** 60 months from the date of successful commissioning.

12. Conflict of Interest:

A Bidder shall not have a conflict of interest (the "Conflict of Interest") that affects the Bidding Process. Any Bidder found to have a Conflict of Interest shall be disqualified. In the event of disqualification, the Authority shall be entitled to forfeit and appropriate the Bid Security, as mutually agreed genuine pre-estimated loss and damage likely to be suffered and incurred by the Authority and not by way of penalty for, inter alia, the time, cost and effort of the Authority, including consideration of such Bidder's proposal (the "Damages"), without prejudice to any other right or remedy that may be available to the Authority under the Bidding Documents and/ or the Agreement or otherwise. Without limiting the generality of the above, a Bidder shall be deemed to have a Conflict of Interest affecting the Bidding Process, if:

- The Bidder or its Associate and any other Bidder or its Associate thereof have common controlling shareholders or other ownership interests.
- A constituent of such Bidder is also a constituent of another Bidder; or
- Such Bidder or any Associate thereof receives or has received any direct or indirect subsidy, grant, concessional loan or subordinated debt from any other Bidder or any Associate thereof or has provided any such subsidy, grant, concessional loan or subordinated debt to any other Bidder or any Associate thereof; or
- Such Bidder has the same legal representative for purposes of this Bid as any other Bidder; or
- Such Bidder, or any Associate thereof has a relationship with another Bidder, or any Associate thereof, directly or through common third party/ parties, that puts either or both of them in a position to have access to each other's information about, or to influence the Bid of either or each other; or
- Such Bidder, or any Associate thereof has participated as a consultant to the Authority in the preparation of any documents, design or technical specifications of the Project.

13. Disclosure:

- a. Bidders have an obligation to disclose any actual or potential conflict of interest. Failure to do so may lead to disqualification of the bidder or termination of its contract.
- b. Bidders must disclose if they are or have been the subject of any proceedings (such as blacklisting) or other arrangements relating to bankruptcy, insolvency or the financial standing of the Bidder, including but not limited to appointment of any officer such as a receiver in relation to the Bidder's personal or business matters or an arrangement with creditors, or of any other similar proceedings.
- c. Bidders must disclose if they have been convicted of, or are the subject of any proceedings relating to:
 - Criminal offence or other serious offence punishable under the law of the land, or where they have been found by any regulator or professional body to have committed professional misconduct;
 - Corruption including the offer or receipt of an inducement of any kind in relation to obtaining any contract;
 - Failure to fulfill any obligations in any jurisdiction relating to the payment of taxes or social security contributions.

14. Anti-corruption Measure:

- Any effort by Bidder(s) to influence the Client in the evaluation and ranking of financial Bids, and recommendation for award of contract, will result in the rejection of the Bid.
- A recommendation for award of Contract shall be rejected if it is determined that the recommended bidder has directly, or through an agent, engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the contract in question. In such cases, the Client shall blacklist the bidder either indefinitely or for a stated period of time, disqualifying it from participating in any related bidding process for the said period.

15. Force Majeure

"Force Majeure" means an event which is beyond the reasonable control of a Party, and which makes a Party's performance of its obligations here under impossible or so impractical as reasonably to be considered impossible in the circumstances, and includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action (except where such strikes, lockouts or other industrial action are within the power of the Party invoking Force Majeure to prevent), confiscation or any other action by government agencies.

Force Majeure shall not include: (i) any event which is caused by the negligence or intentional action of a Party or agent's employees thereof, nor (ii) any event which a diligent Party could reasonably have been expected to take into account or avoid or overcome in the carrying out of its obligations during the subsistence of this Agreement. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.

16. Language of Proposals:

The proposal and all related correspondence exchanged between the bidder and the Client shall be written in the English language. Supporting documents and printed literature that are part of the proposal may be in another language provided they are accompanied by an accurate translation of the relevant passages in English with self-certification for accuracy, in which case, for the purposes of interpretation of the Proposal, the translated version shall govern.

17. Cost of bidding:

The Bidder shall bear all costs associated with the preparation and submission of its proposal. The

Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process. Bidder/s is/are not allowed to submit more than one proposal under the selection process. Alternate bids are also not allowed.

18. Legal Jurisdiction:

All legal disputes are subject to the jurisdiction of competent court of Kataka /Bhubaneswar only.

19. Governing Law and Penalty Clause:

The schedule given for delivery is to be strictly adhered to in view of the strict time schedule. Any unjustified and unacceptable delay in delivery shall render the bidder liable for liquidated damages and thereafter the Client holds the option for cancellation of the contract for pending activities and complete the same from any other Bidder. The Client may deduct such sum from any money from their hands due or become due to bidder. The payment or deduction of such sums shall not relieve the bidder from his obligations and liabilities under the contract. The rights and obligations of the Client and the bidder under this contract will be governed by the prevailing laws of Govt of India/ Odisha.

- i. Notwithstanding the right of DTE&T, Odisha to cancel the order, Delay Charges for late delivery at 0.5% (Half percent) of the undelivered portion of order value per week will be charged for every week's delay in the specified delivery schedule subject to a maximum of 5% of the value of the contract. Delay Charges should be recouped from pending payment or Performance Security as per the payment schedule. No Delay Charges will be charged in case of circumstances beyond control of the selected Bidder. The decision of the authority placing the contract, whether the delay in delivery has taken place on account of reasons attributed to the bidder shall be final.
- ii. Please note that the above Delay Charges for delay in delivery and delay in commissioning are independent of each other and shall be levied as the case maybe.
- iii. DTET, Odisha reserves its right to recover these amounts from Performance Guarantee and the payments due to the bidder as per the payment schedule. Delay Charges will be calculated on per week basis.
- iv. The cumulative and aggregate limit of Delay Charges for delay in delivery and Delay Charges for delay in commissioning would be limited to maximum of 5% of the total Bid Value. The aggregate liability of the selected Bidder shall in no event exceed the total Bid Value under this Contract.
- v. Delay charges shall also be applicable for delay in Comprehensive Warranty (CMC) during the warranty period i.e. 60 months from the date of successful commissioning. For every week's delay, 0.5% (Half percent) of order value (excluding taxes) will be charged for the specified CMC schedule mentioned in the Section-5 (Point No.V), subject to a maximum of 5% of the value of the contract.

20. Client's right to accept any Bid, and to reject any or all Bid/s

The Client reserves the right to accept or reject any Bid, and to annul or amend the bidding / selection / evaluation process and reject all Bids at any time prior to award of contract award, without assigning any reason there of and thereby incurring any liability to the bidders. Misrepresentation/improper response/ by the bidder may lead to the disqualification of the bid. If such disqualification/rejection occurs after the Bids have been opened and the highest-ranking bidder gets disqualified/rejected, then the client reserves the right to consider the next best bidder, or take any other measure as may be deemed fit in the sole discretion of the Client, including annulment of the selection Process.

21. Number of Bids:

Each Bidder shall submit only one (1) Bid, in response to this RFP. Any Bidder who submits or participates in more than one Bid shall be disqualified. The Bidder shall be responsible for all costs

22. Amendment of the RFP Document:

At any time before submission of proposals, the Client may amend the RFP by issuing an addendum through Department website. Any such addendum will be binding on all the bidders. To give bidders reasonable time in which to take an addendum into account in preparing their proposals, the Client may, at its discretion, extend the deadline for the submission of the proposals.

23. Confidentiality:

Information relating to evaluation of proposals and recommendations concerning awards shall not be disclosed to the bidders who submitted the proposals or to other persons not officially concerned with the process, until the publication of the award of contract. The undue use by any Consultant of confidential information related to the process may result in rejection of its proposal and may be subject to the provisions of the Client's antifraud and corruption policy. During the execution of the assignment except with prior written consent of the Client, the consultant or its personnel shall not at any time communicate to any person or entity any confidential information acquired in the course of the contract.

24. Settlement of Dispute:

The Client and the Bidder shall make every effort to resolve amicably, by direct negotiation, any disagreement or dispute arising between them under or arising from or in connection with the contract. All claims and disputes arising under or relating to this Agreement are to be settled by binding arbitration in the state of Odisha. An award of arbitration may be confirmed in a court of competent jurisdiction. Arbitration shall be as per Indian Arbitration Act, 1996.

Disputes not so resolved amicably within 30 days of receipt of notice of such as a dispute shall be resolved by Commissioner –cum-Secretary to Government, SD&TE Department, Government of Odisha which is binding and final.

25. Disqualification of Proposal:

The proposal is liable to be disqualified in the following cases as listed below:

- Proposal submitted without Bid Processing Fee & EMD as applicable
- Proposal not submitted in accordance with the procedure and formats as prescribed in the RFP
- During validity of the proposal, or its extended period, if any, the bidder increases his quoted prices
- Proposal is received in incomplete form
- Proposal is received after due date and time for submission of bid
- Proposal is not accompanied by all the requisite documents / information
- A commercial bid submitted with assumptions or conditions
- Bids with any conditional technical and financial offer
- If the bidder provides any assumptions in the financial proposal or qualifies the commercial proposal with its own conditions, such proposals will be rejected even if the commercial value of such proposals is the lowest / best value
- Proposal is not properly sealed or signed
- Proposal is not conforming to the requirement of the scope of the work of the assignment.
- Bidder tries to influence the proposal evaluation process by unlawful/corrupt/fraudulent means at any point of time during the bid process
- If, any of the bid documents (including but not limited to the hard and soft/electronic copies of the same, presentations during evaluation, clarifications provided by the bidder), excluding the commercial bid, submitted by the bidder is found to contain any information on price,

RFP for establishment of Centre of Excellence (CoE) in Additive Manufacturing at Govt. ITIs
pricing policy, pricing mechanism or any information indicative of the commercial aspects of the bid;

- Bidders or any person acting on its behalf indulges in corrupt and fraudulent practices
- Any other condition / situation which holds the paramount interest of the Client during the overall section process.

26. Fraud and Corrupt Practices

The Bidders and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, Director, DTE&T may reject a Bid without being liable in any manner whatsoever to the Bidder, if it determines that the Bidder, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process. In such an event, Director, DTE&T shall be entitled to forfeit and appropriate the Bid Security or Performance Security, as the case may be, as Damages, without prejudice to any other right or remedy that may be available to Director, DTE&T under the Bidding Documents and/ or the Agreement, or otherwise.

Without prejudice to the rights of the Director, DTE&T herein above and the rights and remedies which Director, DTE&T may have under the RFP, or otherwise if a Bidder is found to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process such Bidder, at the sole and absolute discretion of Director, DTE&T, shall not be eligible to participate in any tender or RFP issued by Director, DTE&T during a period of 2 (two) years from the date such Bidder, is found to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practices, as the case may be. The following terms shall have the meaning hereinafter respectively assigned to them.

5. SECTION III: Terms of Reference (ToR)

“RFP for establishment of CoE in Additive Manufacturing at Govt. ITIs”.

I. Introduction:

The Directorate of Technical Education and Training, Odisha, having its principal office at Killa Maidan, Buxi Bazaar, Kataka-753001 (herein after referred to as the “DTE&T” which expression shall, unless repugnant to the context or meaning thereof, include its administrators, successors and permitted assigns), looks after technical education at Technical Institutes/Colleges, Diploma and formal CTS training at ITI level. It also provides Dual System Training, On-the-Job Training, Apprenticeship Training in order to prepare the Youth suitable for gainful wage and self-employment through Nano Unicorn Project of OSDA for a decent livelihood.

The goal of the DTE&T is to aims upgrade Government Industrial Training Institutes (ITIs) into advanced skill development hubs by establishing Centres of Excellence (CoEs) equipped with state-of-the-art, industry-integrated laboratories, smart classrooms, and technology-enabled learning facilities. These CoEs will act as anchor institutions for providing high-quality vocational training, future-ready skilling, and continuous faculty development.

Each CoE will serve not only its host ITI but also extend training, resources, and technical support to nearby ITIs, thereby fostering an ecosystem of excellence, and industry-readiness across the State.

DTE&T invites proposals from the leading OEM/Authorised Channel Partner/Authorised Technology Partner of OEM having experience of setting-up Centre of Excellences (CoEs) in similar sectors or supply, installation and commissioning of the similar advanced lab equipment.

II. Objective:

- To align training with emerging industry requirement and future technologies through industry partnerships for offering specialized courses in high-demand sectors.
- To upgrade ITIs with industry-standard equipment, advanced laboratories, and modern infrastructure to deliver training at par with global benchmarks.
- To strengthen faculty capacity in pedagogy, advanced technologies, and digital tools for ensuring quality learning outcomes.
- To enhance employability by providing soft skills, exposure to best practices, and industry-academia linkages through curriculum co-design, apprenticeships, and dual-training models.

These centers should be on Build, Operate and Transfer Mode. All the Hardware should be of industrial standards. The software should not be restricted to educational limits. Should be provided with industrial features allowing DTE&T to offer Industrial consultancy apart from the skill development.

DTE&T shall provide the lab infrastructure with required space with electrical power supply, water supply (if required), furniture and other pre-requisite amenities before supply of equipment. The role of the successful bidder shall be to design and set up the CoEs on turnkey basis. (including complete setup of CoEs, supply and installation of equipment/machineries, commissioning & maintenance, and provide hand-holding support for minimum 3 (three) years which may be extended further (if needed) with mutual agreement. The selected bidder will be responsible for Comprehensive Warranty for 60 months, and provide operational training (as per the requirement) to the nominated staff from the consignee institutes.

III. Scope of the Project

The mission of establishing Centre of Excellences are to promote advancement and implementation of automation concepts through Skill Development of students in state of Odisha along with self-sustainability of the institute through technology support services to the industries.

These CoEs, to be designed by the Technology Partner (TP), is envisioned to be setup as a State of the Art Centre of Excellences (CoEs) in which the TP brings in their best-in-class equipment/ tools/ machines/ software (commonly referred to as equipment) to be used for training purposes. These CoEs will be located in an appropriate space offered by the DTE&T. These CoEs will be managed professionally by the Technology Partner. The infrastructure for the CoE will be made ready by Technology partner as per the proposed design by them and the specifications finalized and provided by DTE&T Odisha.

These CoEs will run under the overall operational management of the CoE Management Committee. The CoE Management Committee, under the Guidance of the DTE&T Odisha, will be responsible for devising and implementing a three-year rolling plan and ensuring that these CoEs are constantly upgraded and provides a high technology ecosystem for skilling/ up- skilling/ re-skilling/ cross-skilling and multi-skilling. The Technology Partner, under the Guidance of the CoE Management Committee, will be expected to assist the DTE&T Odisha to mobilize students from other Private Technical Training Institutes/employees from the relevant industries for skilling, upskilling or re-skilling training, which will help to generate internal revenues (IRG) at these CoEs, and can help in the sustainability of these CoEs. Overall monitoring, administrative, quality and financial responsibilities including the management of these CoEs, management of hostels etc. will be the responsibility of the DTE&T. But, marketing, branding, development of training course content, training plan, deployment of technical experts to provide training, assessments, award certificates to the successful trainees/trainers, provide placement to the successfully certified trainees etc. will be the responsibilities of the Technology Partner.

A- Scope of DTE&T (the Buyer/Client):

The scope of work of the DTE&T inter alia states that;

- I. DTE&T shall provide required space in the lab along with design/layout of the labs within the premises of the Govt. ITIs and Polytechnics/Engineering Schools.
- II. Facilitate additional space (covered area) if required upon availability at the institute premises at free of cost.
- III. Provide basic amenities like approach road and water supply (if required) nearest to the lab for running the machinery/equipment. Three phase electrical connection at nearest distribution/panel board will be provided at the designated labs by the consignee institutes.
- IV. Required space, furniture, air conditioners (if required) etc. will be provided by DTE&T Odisha.
- V. Conduct Pre-Delivery Inspection of sample equipment through Physical mode by its own technical experts or 3rd party agency/consultants/advisors appointed by DTE&T before the proposed equipment dispatch by the selected bidder and Post Delivery Inspection of all equipment by its own technical experts or by an independent agency appointed by DTE&T at any point of time. The operational expenses like testing the machines/equipment will be borne by the supplier.
- VI. Provide the requisite hostel facilities for the students/trainees to be trained from other Govt. ITIs/Polytechnics within the existing infrastructure of the institute.
- VII. CoEs, may train the passed-out trainees for nearby private ITIs & Polytechnics as a value addition course, on the fees as fixed by CoE Management Committee. CoE can generate revenue through fees deposited by the admitted trainees and provide skilling, upskilling/re-skilling training to the trainees from other private institutes.
- VIII. CoE may train the semi-skilled technicians of nearby industries on payment, as fixed by CoE Management Committee.

- IX. DTE&T Odisha and the consignee institutes will be responsible to monitor the performance of the Selected Bidders and progress of the work.

B- Scope of the Successful Bidder:

1. These CoEs, to be designed by the OEM/Technology Partner, is envisioned to be setup as a State of the Art Centre of Excellences (CoE) in which the selected company brings in their best-in-class equipment/ tools/ machines/ software (commonly referred to as equipment) to be used for training purpose.
2. Supply, installation and commissioning of all machines/equipment in compliance to the technical specifications mentioned in Section-6 of the RFP, will be done by the Selected Bidders to setup these CoEs at the consignee institutes.
3. Complete lab infrastructure readiness including necessary civil works for installation and commissioning of the equipment, electrical connections from nearest distribution panel board to the machines, plumbing (if required) and other works to setup these CoEs and installation of the equipment/machines at these CoEs, falls within the ambit of scope of work of selected bidder.
4. All necessary works including minor civil (i.e. earthing/grounding of the machines), electrical (i.e. all type of cables connections, circuit breakers etc. required for connecting power supply point to machine), plumbing and other works for the installation & commissioning of the equipment/machines at the designated labs, falls within the ambit of scope of work of selected bidder.
5. Required Room/space, Furniture, Air Conditioners, Water Supply etc. will be provided by DTE&T Odisha but Selected Bidder is expected to supply all other installation accessories, facilities and services required for successful installation and smooth operation of the equipment. Bidders may conduct the site survey before installation at no additional cost.
6. Any accessories that must be needed for operation of the equipment but not mentioned in the specification shall also be quoted by the selected bidder.
7. Suitable and essential tool kit is to be supplied by the selected bidder with the equipment for the required maintenance.
8. The equipment/machines should be installed and commissioned at site. Site requirement along with the layout drawing for installation of equipment, electrical & water supply if any from main/ nearest sources shall be provided by the selected bidder upon issuance of Letter of Award of Contract (LoA).
9. The bidder shall not charge extra for additional items including fuel & lubricants, Gas Cylinders (if required), raw materials, consumables etc. required to meet the operational requirement during installation, commissioning and hand-holding training at consignee institutes.
10. Arrangement of Fire safety equipment like Carbon Dioxide or Dry Chemical Fire Extinguishers or any superior fire safety equipment with sensors.
11. Provide necessary safety & training posters for these CoEs. Branding and Marketing of these CoEs, along with the Digital Hoarding Board and banner at each CoE.
12. The selected bidder shall provide comprehensive warranty of supplied machineries/equipment for 60 months from the date of successful commissioning. The warranty does not include tools & tackles, consumables, PPE etc (if any).
13. The selected bidder must sign an agreement for Comprehensive Annual Maintenance Contract (CAMC) with DTE&T Odisha for 03 (three) years for the all equipment/machines of these CoEs. This CAMC contract must be signed 02 (two) months before expiry of the comprehensive warranty period i.e. 60 months. A performance security @5% of the Annual awarded Value of Comprehensive Annual Maintenance Cost (CAMC) (without tax) for the respective year must be submitted by the selected bidder and the same will be initially valid for fifteen months and may be extended further, if necessary.

14. Handholding for 36 months from the date of successful commissioning. Handholding should include the following but not limited to
 - I. The OEM/Technology Partner shall identify and formulate training programs to develop skills in futuristic/ disruptive technologies and associated skill sets required for industry ready.
 - II. To develop courses, course content, course work, manuals, standard operating procedures and standards, disseminate the same with the overall intent of improving the skill sets of individuals.
 - III. To impart high-end skills (and not generic skills) to Students, unemployed individuals and employed individuals (looking to up skill/ re-skill themselves).
 - IV. To conduct train the trainers program for 01 (one) month of each batch and train the trainees' programs for 03 (three) months of each batch with a batch size of 20 students/trainees. Maximum 04 (four) batches of trainees may be trained in a year.
 - V. To conduct need based/ on-request training programs to cater to specialized requirements of corporate, and to generate revenues through these programs.
 - VI. To carry out assessment, certification of trainees as per the NSQF/NCVT prescribed guidelines.
 - VII. Preparation of Training Modules for Train the Trainers and Trainees. Advanced skill training curriculum with minimum equivalent to NSQF level 5 or 6, in addition as per the demand of the industries should be included.
 - VIII. Select appropriate courses; design the course structure, curriculum and pedagogy based on industry demand. Selected bidder shall identify and formulate training programs to develop skills in futuristic/disruptive technologies and associated skill sets required for industry ready.
 - IX. The OEM/Technology Partner shall design courses, curriculum, and pedagogy based on industry demand for placing before the CoE Management Committee constituted by DTE&T and shall comply with the recommendations of CoE Management Committee and the same should be incorporated in the curriculum prior to the course commencement.
 - X. Conduct training that meets industry standards by engaging appropriate faculties (qualified & experienced), facilities and technology like virtual classroom. **The agency must provide at least two (02) Qualified and Experienced Faculties for each CoE with minimum Graduate Engineer and minimum 5 years of industry experience in relevant field. Hand-holding training (Skilling/Up-Skilling/Re-Skilling) to be given for minimum 03 (three) years to the Trainers and Trainees from Govt. & Private ITIs/Polytechnics or Employees from nearby industries etc.**
 - XI. Providing Soft Copies or Hard Copies of Training materials for at least 01 (one) batch with minimum 20 trainees during hand-holding training of the Trainers and Trainees.
 - XII. The company has to ensure that the assessment is completed as per the standards in a fixed time frame and shall issue joint certificate to the passed-out students with the help from Principal of designated institute or any valid certificate from international bodies.
 - XIII. The selected bidder shall furnish the proposal with details of courses, course content, course, work, manuals, pedagogy, standard operating procedures and standards, disseminate the same with the overall intent of improving the skill sets of individuals.
 - XIV. Provide necessary Raw Materials & Consumables (if any) during hand-holding period.
 - XV. Selected OEM/Technology Partner shall provide Placement Support to the successfully trained and certified students. Placement opportunities to be given at least 50% of the successfully trained/certified trainees within maximum 01 (one) Year from their successfully certification. Overall Placement Assistance to be given for the trainees trained within the 03 (three) Years from the start date of hand-holding training.

C- Specifications of Civil & Electrical Works:

Design of CoEs including interior design with fire retardant, plastic coating painting, design of shop floor/labs with anti-skid, electrical insulating, fire retardant with epoxy flooring (with minimum 3mm thickness), required electrical, civil and plumbing works and furnishing of the labs etc. Selected Bidder shall mutually finalize the design and drawing of the labs and specifications of the Civil and other works with DTE&T Odisha. DTE&T Odisha will monitor the entire CoE setup centrally.

D- Pre-Delivery Inspection and Post-Delivery Inspection of all equipment:

DTE&T may conduct a Pre-Delivery inspection of all equipment/sample equipment through Physical mode by its own technical experts or 3rd party agency/consultants/advisors appointed by DTE&T before the dispatch of the proposed equipment by the selected bidder at the supplier's premises or at the manufacturer's factory site. The operational charges i.e. testing charges for samples, raw material, consumables (if any) etc. shall be borne by the supplier. But, other expenses like travelling, boarding and lodging of the technical experts, will be borne by the Authority.

All tests and inspections of all equipment during Post-Delivery Inspection shall be made at the place of delivery. Officers authorized by DTE&T shall be entitled at all reasonable time to inspect and supervise and test during installation and commissioning. Such inspection will not relieve the selected Bidder of their obligation in the contract.

If the OEM/Technology Partner fails to comply with any of the quality, technical specification or clause mentioned in the RFP, and then the Contract will be terminated by DTE&T Odisha.

E- Management of CoEs:

I. The CoE Management Committee will be consisting of representatives from selected bidder company, DTE&T, representatives from industries, DSDE officer, and Principal of the institute as member convener.

II. DTE&T Odisha shall be sole authority to oversee all the training and administrative activities in the best interest of the State of Odisha.

III. Company/firm shall support placement of trainees with the help of the particular Industry of each skill.

IV. CoE Management Committee will be constituted by DTE&T for the overall guidance and the role of the committee will generally be limited to:

a) Review the periodic updating of syllabus, curriculum and course content ii). Review adequacy of courses offered viz - a - viz industry demand and suggest addition/ modification or discontinuation of courses and fixation of fees.

b) Periodic performance and placement evaluation against pre - defined milestones detailed under RFP document to be published.

c) Review, and if necessary, engage third party to evaluate the quality of equipment and training.

d) It will fix the eligibility criteria for admission/reservations etc. and mobilize students/industry employees from nearby cluster for admission.

IV. Special Terms and Conditions:

1. Manufacturer (OEM) / Authorized Channel Partner/ Authorized Technology Partner having valid manufacturing license of OEM/ authorization certificates from OEM are eligible to participate in this tender. OEM must provide necessary documentary evidence of being an Original Equipment Manufacturer of the related equipment. Bid specific authorisation must be submitted in case of participation by channel partner/technology partner of OEM.

2. OEM should be nationally / internationally reputed Company.

3. For Technology Partner/Channel Partner, an undertaking from the OEM is required stating that they would facilitate the Bidder on a regular basis with technology/product updates and

4. In this tender, either the authorized channel partner/technology partner on behalf of the OEM or OEM itself can submit bid proposals, but both cannot submit bids simultaneously for the same CoE.
5. If authorized channel partner/technology partner submits bid on behalf of the OEM, the same authorized channel partner/technology partner shall not submit a bid on behalf of another OEM for the same CoE.
6. In a scenario, if both OEM and or its channel partner/authorized dealer participated in the bidding process, bids of both OEM & an authorized partner/dealer will be technically disqualified and EMD will be forfeited as per prevailing rules. The authorization from OEM should indicate bid reference number.
7. The supplier of the equipment must confirm in writing that the spares for the entire supplied equipment will be available for a period of at least five years after the model of equipment supplied has been phased out. For frequently required spares, there should be adequate inventory with the Indian agency.
8. The successful bidder is responsible for the supply, installation and maintenance of the equipment. Equipment documentation including user manuals and operation and troubleshooting guides to be provided.
9. Comprehensive Warranty period shall specifically be mentioned in the offer. The selected bidder must adhere to the warranty clause mentioned herein.
10. Selected Bidder must sign Comprehensive Annual Maintenance Contract (CAMC) with DTE&T Odisha for at least 03 (three) years for the equipment/machines mentioned here in this RFP.
11. Financial Proposal must be submitted as per the BoQ MS-Excl format along with formats shared in FIN-1 & Annexure (PDF file).
12. Bidders must submit Technical Specification Compliance sheet within their technical bid. The bidders must be kept in their mind that mere copying of our specifications in the technical specification compliance sheets, shall not make the technical bid eligible for consideration. A bid has to be supported with original catalogue of the quoted item/s duly signed by the authorized person participating in the bid. Non-compliance with the above conditions shall be treated as incomplete/ambiguous and the bid shall be rejected without giving an opportunity to the bidder for further clarification/negotiation etc.
13. The bidder must produce documentary evidence of past supply experience of the offered make & model of the major equipment/machineries to any Govt./Private organization/industry.
14. Details of foundation drawing for instruments and equipment, if any, should be provided.
15. The Bidder shall quote their lowest possible price, and prices quoted by the Bidder shall be “fixed” during the Bidder’s performance of the contract and not subject to any variation and/or escalation.
16. Bidder must quote **Cost of the Project**, which shall indicate clearly the including all taxes and charges towards packing, forwarding, handling, insurance, comprehensive warranty for 60 months, freight, incidental service, civil, electrical and other works, (if any), installation & commissioning of the goods and training to the consignee’s personnel at site and **Cost of Comprehensive Annual Maintenance Cost (CAMC) in BoQ MS-Excel Format and FIN-1 (PDF File)**, indicating the total cost of Comprehensive Annual Maintenance Cost for the equipment/machines offered for the CoE for 03 Years and applicable after the expiry of comprehensive warranty of 60 months. The price shall be quoted in Indian Rupees only.

17. The cost of standard accessories shall be included in basic price and optional accessories shall have to be quoted separately.
18. Any component, fitting etc. which may not have been specifically mentioned in the specifications but which are usual and necessary for the equipment, shall be supplied by the bidder at no extra cost.
19. In case of items of import, the bidder should take full responsibility for customs clearance, handling, tax payment, etc. and same should be inclusive in the financial bid.
20. DTE&T Odisha shall sign a **Comprehensive Annual Maintenance Contract (CAMC)** for 03 (three) years (which may be extended further as per the requirement of DTE&T Odisha) for the equipment/machines mentioned in 'Point No. 6' of the RFP, with the Selected Bidder beyond the warranty period of 60 months and shall be as per the terms and conditions mentioned in Annexure-III. Year wise cost of such maintenance contract (CAMC) shall be quoted.
21. Higher technical specifications may be considered subject to competitive price offer.
22. DTE&T Odisha reserves the right to accept, split, divide, negotiate, cancel or reject any bid or to annul and reject all bids at any time prior to the award of the contract without incurring any liability to the affected bidders or any obligation to inform affected bidder, the grounds of such action.
23. Price bid should be submitted in the BoQ MS-Excel Format and given format in **FIN-1** along with item wise rate in **Annexure** (PDF File). Price bid should have equipment wise breakup (Annexure).
24. Performance Security – A performance security in the form of Bank Guarantee/e-Bank Guarantee for 5% of the Awarded Value (excluding taxes) to be submitted within 15 days of issuance of the Letter of Award (LoA). The Bank Guarantee will be valid initially for 68 months and may be extended further if required. The performance guarantee will be released by DTE&T, Odisha and returned to the Selected Bidder after 60 days of completion of warranty period subject to fulfillment of all obligations on recommendation of respective Principal of the institutes.

V. **Comprehensive Warranty (60 Months) Clause:**

The final selected bidder must provide Comprehensive Warranty Maintenance Services for all supplied equipment/machines (except consumables, PPE and tools & tackles) at the CoEs for 60 months from the date of successful installation & commissioning. The scope of the bidders is as below.

- i. Maintenance Services shall consist of Preventive and Corrective maintenance of equipment specified in Point No. 6 (excluding consumables, PPE and tools & tackles) & will include repair and replacement of parts free of cost.
- ii. Preventive maintenance, half-yearly once, which includes:
 - i. Check-up to ensure that device connection is proper; cabling is at proper condition etc.
 - ii. Cleaning of the above instruments & equipments and checking the System Performance.
- iii. The selected bidder must conduct preventive maintenance services at least twice (2 times) in a year at each CoE.
- iv. The parts replaced must be new parts or equivalent in performance to new parts.
- v. Any complaint informed through telephone/email must be acknowledged with a Complaint No. by the Supplier which will be noted by Consignee. All further contact with the Supplier on such complaint will be initiated through that Complaint No. Once rectification done, that No. will be cancelled by both parties. A register is to be maintained by the Supplier where complaints are to be noted along with Complaint No.
- vi. The maintenance shall be attended by the service engineer within one week of intimation to the Bidder.

- vii. The Service Engineer of the Supplier will be allowed to handle the respective plant & machineries only in the presence of the officer in charge at the institute site.
- viii. The selected bidder should ensure that maintenance job is not hampered/ delayed due to paucity of spares/inadequate manpower etc.
- ix. Minor repair to be done within 3 days of complaint registered and for major breakdown or replacement of parts must be completed by 15 days from the complaint registered to supplier. For imported parts, the replacement should be done within 4 weeks maximum.

VI. Comprehensive Annual Maintenance Contract (CAMC):

- i. The Selected Bidder shall be under the obligation of entering into a Comprehensive Annual Maintenance Contract (CAMC) with DTE&T Odisha for a minimum period of 03 (three) years, renewable if felt necessary, on mutually acceptable rates, terms, and conditions mentioned herein. CAMC shall start after the completion of Warranty.
- ii. The scope of CAMC shall cover maintenance and supply/replacement of materials and components, for smooth and reliable operation of the systems without trouble.
- iii. Accordingly, the Bidders has to offer rates in BoQ MS-Excel Format and given **FIN-1 (PDF File)**, for the CAMC charges for the CoE.
- iv. Selected agency must sign the Comprehensive Annual Maintenance Contract (CAMC) with DTE&T Odisha for 03 (three) years for the equipment/machines supplied at the CoE (except tools, tackles, raw materials, PPE etc.). This CAMC contract must be signed before expiry of the comprehensive warranty period i.e. 60 months. A performance security @5% of the Annual cost of CAMC (excluding Taxes) in the form of Bank Guarantee/Fixed Deposit Receipt/Term Deposit Receipt, must be submitted by the selected Agency before signing the CAMC contract for the respective lot and which will be initially valid for 15 months and may be extended further if necessary.
- v. The Performance security towards CAMC for the particular year shall be returned only after submission and confirmation of BG/TDR/FD/DD of subsequent years.

6. List of equipment/machines and their Technical Specifications /Compliance Statement:

List of Equipment for each CoE in Additive Manufacturing at following Govt. ITIs.

- 1. Govt. ITI Balasore
- 2. Govt. ITI Bijepur
- 3. Govt. ITI Dharmagarh

Technical Specifications of equipment to setup CoE in Additive Manufacturing:

Equipment list for CoE in Additive Manufacturing for each CoE			
Sl No.	ITEM DESCRIPTION	QTY	Make & Model
1	3D Printer with Fused Deposition Modeling (FDM) AM Technology	2 Nos.	
2	FDM/FFF Based 3D Printer (Thermoplastic, Metal, Ceramic)	2 Nos.	

3	Sintering & Debinding Station	1 No.	
4	Fused Deposition Modeling Based Composite 3D Printer	1 No.	
5	Non-Laser Material Jetting technology 3D Printer	1 No.	
6	3D Printer with Digital Light Printing Technology (DLP)	1 No.	
7	Liquid Deposition Modeling (LDM) Clay 3D Printer	1 No.	
8	Multifunctional Fix and handheld 3D Scanner	1 No.	
9	3D Modeling Software (Perpetual License) & Laptop Workstation – 1 No	Perpetual License for 30 User	
10	Desktop Workstation with Chairs	10 Sets	
11	Interactive Touch Panel Board	1 No.	
12	Tables with storage cabinet for desktop workstation and 3D Printers	15 Sets	
13	Storage Almirah (minimum 2 doors)	2 Nos.	
14	20 KVA Online UPS with 60 min Backup	1 No.	
15	Dehumidifier with coverage area 6500 cubic feet	1 No.	

1. Item Name: FFF Technology 3D Printer (2 Nos).		
Parameter	Specification	Complied (Y/N)
Technology:	Fused Filament Fabrication (FFF)	
Capability	Machine should be capable producing strong functional parts in engineering grade thermoplastics for various applications like functional prototyping, Tooling for Forming/ Casting applications, end use parts etc.	
Build Volume (W × D × H):	Minimum: 250x250x250 mm & Maximum: 300X300X300	
Electrical	Power Supply Input: 100-240 V AC, 50/ 60 Hz 230 V @ 2 A Power Supply Output: 24 V DC, 350 W	
Bed Temperature	120 °C Maximum	
Layer Thickness	Approx. 0.1 mm to 1 mm	
Accuracy:	100 to 400 microns	
Software:	Slicing and Control Software: Software supplied must be from the same OEM and should be compatible with Windows 8 or higher version.	
	Software should support file types such as G -code, STL/OBJ/3MF/STP/IGS CAD package etc.	
	Software shall have options for user to edit the internal structure of each layer and/or group of layers of the CAD model.	
	Software shall be able to generate different internal customizable build styles (honeycomb to solid) along various regions/segment of the part along the same cross section.	
	Software shall have ability to pre-program pauses on any layer of the generated slice file to add metal inserts, change color of filament.	
	Software should have preset libraries of standard metal inserts and should auto change circular faces to match the diameter of the inserts as selected by the users.	
	The software should allow the user to create parts with optimal infill to vary between strength and rigidity. The user should be able to select a body or a face of any feature of a subassembly to vary between strength and rigidity.	
	Life time free update for the software	
Display Screen	Touch Screen, 7 inch or more	
Connectivity	Wi-Fi, LAN, USB Port	
Structure	Powder coated with internal LED	
Leveling	Mesh-levelling with Flatness Detection	
Print Technology	Fused Deposition Modeling (FDM)	
Print Head System	Dual Extruder System (Dual extruder system with one nozzle for main material and one for support creation).	
Filament Diameter	1.75 mm	
Print Head Travel Speed	Should be changeable up to 60 mm/s	

Build Plate	Flexible for ease of removal	
Chamber Temperature	Should be able to reach up to maximum 110 Degree Celsius	
Build Plate Levelling	The printer should be capable to do Auto Probing for Bed levelling	
Supported Materials	Should support Materials like: ABS, ASA, PLA,TPU, Water Soluble Support Material, ABS Based Carbon composite material etc.	
Nozzles	Dual Wear Resistance Nozzles	
Nozzle Diameter	The Parameters should be pre fed in the slicing software & should not need to change nozzle to print different layer height. Standard nozzle diameter size should be 0.4mm only.	
Max Nozzle Temperature	The nozzle should reach up to 300 Degree Temperature	
Noise Emission (Acoustic)	The printer should be available with < 50 dB (A) when building	
Operating Ambient Temperature	The printer should be able to perform at 15-30 Degree Room temperature and 10-90% relative humidity non-condensing	
Part accuracy	Parts are produced within an accuracy of +/- .020 mm or +/- .002 mm/mm, whichever is greater.	
Machine Calibration	The machine shall automatically calibrate nozzle and build platform in X, Y and Z axis before the start of each job.	
	Auto-calibration	
Monitoring	Live camera for tracking and monitoring	
Certification	Product should be BIS, WPC, CE, EU, ROHS certified. Certificates to be provided.	
	ISO 9001: The bidder or the OEM of the offered product must have ISO 9001 Certification.	
Warranty	5 Years comprehensive for all the supplied items	
Operational and Facility Requirements	Machine compatible of working in office/lab environments setup. The system should be non-laser based and not emit the hazardous radiation.	
	Noise level of the machine at any point (idle/operational) should be less than 46dbA. Relevant documentation/test results to be provided.	
	Contaminants released during the operation of the machine should not be greater than 3ppm at any point of operation. Relevant documentation/test results to be provided.	
	Vendors must also indicate the requirements of other mandatory facility requirements like vibration free flooring, anti – static environment etc.	
Supported 3D CAD Files Types	STL/OBJ/3MF/STP/IGS/CAD formats from Designing Software	
Other Features		

IoT Features: Remote dashboard and live camera feed. (When displayed on larger screen, students can better understand parameters and see live printing)	
Self-cleaning nozzle: (Improves the quality of printing)	
Inbuilt material storage.	
Smart filament sensor: Clogging and Material run out indication.	
Humidity and Temperature monitored filament dispenser.	
Accessories & consumables to be supplied	
1. Other standard accessories as mentioned below shall be provided	
a) Udisk (32 Gb) -(2 Nos)	
b) USB Cable – (1 No)	
c) Power Cable - (1 No)	
d) Spool Holder – (1 No)	
e) Tool kit – (1 Set)	
Materials To Be Provided	
Total 5 KG of Build Material of different type supported by the machine along with Soluble support materials to be provided along with the printer.	
Support Removable Cleaning Station To Be Supplied	

2. Item Name: FDM Technology 3D Printer (2 Nos).		
Parameter	Specification	Complied (Y/N)
Technology:	Fused Deposition Modeling (FDM)	
	Latest Fused Filament Fabrication system with complete accessories and options for better utilization and maximum capabilities.	
Build Volume	300x300x500 mm (X,Y,Z) or more	
Filament Diameter	1.75mm	
Nozzle Sizes	0.3/0.4/0.5/0.6/0.8mm/Brass/Hardened Steel	
Layer Height	0.08mm to 0.2mm (for 0.4mm Nozzle) varies based on Nozzle size	
Build Plate	Hardened Aluminum heated bed with Magnetic PEI sheet	
Heated Bed Max Temp	120 Degree C	
Extruder Nozzle Temperature	Should Be 420 Degree C or Better	
Extruder & Hot End	Dual Direct Drive All Metal Extruder	
Heated Chamber	Controlled heated environment up 60 Degree C	
Special Printing Capability	Quoted 3D Printer Should be capable of Printing with pallets of dia 2-6 mm	
X/Y Positional Accuracy	5 Microns or better	
Z Positional Accuracy	2 Microns or better	
Print Head Travel Speed	30mm/s to 250mm/s	
Casing	Aluminum	
Processor	32-bit ARM Cortex-M4	
Screen	7 Inch full view color Display Touch Screen	
Software (Perpetual)	1. Slicing Software - Simplify 3D/ Cura	

	2. Input File Format - STL/OBJ/3MF	
	3. Operating Software - Windows, Mac, Linux	
	4. Output File Format - G code	
Materials	STD Polymers: PLA, ABS, PETG, Wood Fill, TPU, TPE, PC, Nylon	
	ENGG Polymers: ASA, Carbon Fibre Infused, Glass Fibre Infused, ULTEM, PEEK, PP, PC- ABS, Nylon Composites	
	Support Polymers: HIPS, PVA, Aquateck PVA, Thermax HTS High Temp	
	Ceramic: White Zirconia, Black Zirconia, Alumina, Silicon Carbide	
	Metal: SS-17-4, SS-316-L, Copper, Bronze, Inconel 718, H13	
FEATURES		
Ceramic & Metal Printing	Quoted Printer Should be capable of Printing Special materials like Metals & Ceramic with Further Upgradation of Supported Equipment.	
Automatic Bed Leveling	BL-Touch Z Probe Auto leveling	
Resume Printing	After sudden power loss, resume printing capability	
Automatic Shutdown	Printer shuts down after completion of printing job	
Wifi	Yes	
Material detection	Material runout sensor for both extruder	
Run time parameter	Printing parameter can be change during printing.	
Z-Axis Microstepping	Z-axis microtuning during the printing	
Fully Enclosed Body	Powder Coated Aluminum Body	
Heated chamber	Controlled Heated Chamber	
HEPA Filter	Activated HEPA filter with exhaust fan for harmful fumes reduction.	
Idle Shutdown	If printer is idle for 30 min the printer will automatically shutdown.	
Materials To Be Provided Along with the Printer	2KG ABS, 2KG PLA, 2KG TPU, 2KG	
	NYLON, 2KG PETG	
Warranty	5 Years comprehensive for all the supplied items	
Special Feature	Printer Should have IOT enabled System.	

3. Item Name: Sintering & Debinding Station (1 Nos)		
Parameter	Specification	Complied (Y/N)
Applications	Heating at High Temperature, Controlled Atmosphere Annealing, Normalizing, Stress Reliving, Tempering, Sintering.	
Working Temp/Operating Temp (°C)	1600 °C	
Design Temp °C	1650 °C	
Hot Zone Size (mm)	ID: 100, Length: 200-300	
Power	5 kW-6kW, 220 -240 Volts, 50 Hz	
Work Tube Type	99.5% Alumina Tube, OD: 110mm, ID: 100mm, Length: 1000-1200 mm.	
SS Flange for Gas Purging + Vacuum with support brackets.	SS Flange with KF-25 Vacuum port and ball valves, pressure gauge for gas purging applications	
Safety Features	Over Temperature	
Avg. Rate of Heating	≤ 3 °C/Min	
Heater	MoSi2 rated for 1800 °C	
Control Panel	Programmable Controller, PID profile control	
Safety Features	Over Current	
Process Control Instrumentation	Rotameter for Argon Gas (0-500 LPH) or (0-.5LPM)	
Spares	Sample Push Pull Rod	
Tank Size (mm)	300x240x150s	
Outer Size (mm)	325x276x260	
Tank & Enclosure Material	SS 304	
Tank Capacity	10 Litre	
Heater Power	200 Watts	
Timer Digital	0 to 99 Min	
Power Input	230V AC	
Temperature	Amb. - 60°C	
Accessories	Lid, Basket, Drain Valve (MSUS onwards), Power Cord, User Friendly Operation Manual and related all accessories for five years.	
Required setup	Vendor must quote all required accessories like gas cylinder, pressure reducer and mounding accessories, pipes etc. along with systems.	
Evaluation	All systems like 3D Printer, Sintering and Binder extraction must be capable of printing varied kinds of polymer, Ceramics and Metal materials. This final output for both Metal & Ceramics components must achieve their fully densified, end use forms.	
Technical assistant	Vender must provide technical assistant to run the machine	
Warranty	Warranty will be Five years	
Installation/Onsite advance design and hands on training	Onsite advanced design and hands on training is required after installation. Training would involve generation of STL files and their usage during printing of the items for the 7 to 10 days.	

4. Item Name: Composite 3D Printer (1 Nos)		
Parameter	Specification	Complied (Y/N)
Technology	Non-Laser Thermoplastic Material Extrusion technology for 3D printing of part from 3D CAD model.	
Capability	Machine should be capable producing strong functional parts in engineering grade thermoplastics & composite materials for various applications like functional prototyping, Tooling for Forming/ Casting applications, end use parts etc.	
Material varieties to be Supported	The printer should be able to build in engineering grade thermoplastics & composite materials with properties as listed below.	
	The parameters such as Nozzle Temperature, Chamber Temperature, Extrusion Rates etc should be pre-fed into the machine and slicing software and the machine should be able to print any geometry without the user having to tweak/adjust the parameters.	
	The data sheets with the mechanical, thermal and electrical properties along and across the axis of orientation with ASTM /DIN test methods from reputed test labs should be provided for the materials offered. The datasheets should contain results from test parts build on the same or similar system from the same OEM.	
	General Purpose Prototyping Material such as ABS and ASA.	
	Composite material such as ABS with Carbon Fibre & Nylon with Carbon Fibre.	
	Elastomeric Material: Thermoplastic polyurethane (TPU) Based.	
	Shore A value (ASTM D2240 standard): 85 -95	
	Tensile Strength (ASTM D412 Standard): 16.5 MPa or better	
	Vicat Softening Temperature (Rate B/50) (ASTM D1525 Standard): 90C or better.	
	Elongation at Break: 450% or Higher.	
Support Material	The machine should be capable to build parts in at least 5 materials with Rigid Soluble support filament to be able to print trapped geometries and hidden overhangs and for hands free support removal. The support material should be rigid in nature. The printer should be able to print with the same support material for all the 5 materials (ABS, ABS-CF, ASA, Nylon-CF, and TPU) and should dissolve using the same support removal equipment and solvent/chemical.	

Operation and Process Control	Machine should build parts in Baffled oven type heated chamber with Uniform Temperature control. The oven should have two or more independent air heaters to create a uniform air heated build environment throughout the volume of the build	
	The support material distinct material which should extrude from a different printhead/nozzle. All supports must use to the same equipment for cleaning and should be able to dissolve in the same chemical/solution using the same support cleaning equipment.	
	The machine shall automatically calibrate build platform in X, Y and Z axis before the start of each job.	
	Machine should have provision for automatic and manual calibration of offset between model and support nozzle.	
	The model and support print head should respectively toggle according to the build process and should have a self-cleaning mechanism for the extruding nozzles.	
Build Volume	300* 250 * 300 mm	
Layer Thickness	Minimum Horizontal build layer thickness as fine as 0.13 mm for ABS/ ASA with higher layer thickness options.	
Bed Size Consistency	The build volume should remain constant for all available layer thickness options.	
Accuracy	Parts produced should be within an accuracy of +/- 0.2 mm or +/- .002 mm/mm (.002 in/in, whichever is greater)	
Slicing and Control Software	Software supplied must be from the same OEM and should be compatible with Windows 10 or higher version. Use of 3rd Party software is not accepted	
	Software should be able to import most of the native CAD formats like igs, vrm, stp, Parasolid, native files of CAD packages etc and be able to repair errors like open surfaces, inverted normal etc without use of any 3rd party software.	
	Software shall be able to generate different internal customizable build styles (honeycomb to solid) along various regions/segment of the part along the same cross section. Software should also allow user to edit the internal structure of each layer and/or group of layers of the CAD model.	
	Software shall allow user to import assembly CAD files and change interior fill of each component of the assembly individually	
	Software shall allow the user to balance between strength and rigidity by selection of the entire body or any face of the CAD and vary its thickness with respect to the overall infill of the part	
	Software should contain a library of standard metal inserts and allow the user to modify the geometry of the part feature to accommodate for press fit/heat fit inserts.	

	Software shall allow user to modify the geometry to change support requiring overhangs to self-supporting angles that require no support material to enable Design for Additive Manufacturing	
	Software should be able to provide real time part build status update besides indicating build time and material consumption of the part.	
	Software allows the user to add various jobs to a queue for sequencing and job management.	
	Software shall have ability to pre-program pauses on any layer of the generated slice file to add metal inserts, change colour of filament.	
	Software should allow user to add manufacturing notes to sub-assembly, body or any face of the CAD model(s) imported	
	Software should generate reports of printer history, jobs printed, failures, material consumption etc	
Operational and Facility Requirements	Machine compatible of working in office/lab environments setup. The system should be non-laser based and not emit the hazardous radiation.	
	Noise level of the machine at any point (idle/operational) should be less than 46dbA. Relevant documentation/test results to be provided.	
Material Handling	Material handling systems should be part of the Printer with automatic material loading, feeding and storage management system. All material spool/cartridges (model and support) should have an EEPROM/chip to indicate the quantity of material available in the spool / cartridge at any instance of the machine operation during idle or run time.	
	For large jobs. The machine automatically should use the backup material and resume printing in case of the material (for both model and support) gets consumed during the build process. The machine should keep the chamber temperature and heated airflow constant while the machine is paused.	
Connectivity and File Transfer	10/100 base T connection. Ethernet protocol, USB and Wi-Fi	
Monitoring	Machine should house an inbuilt camera to monitor the print, there should be a provision to access the camera through machine software and on mobile phone	
Workstation Compatibility	Windows 10 or higher version.	
Display Feature	Machine should be capable to display the material availability in the cartridge always. Display of the machine should indicate chamber temperature and print head/nozzle temperature of the machine always.	
Part building	Part should be built on base plate without any need of external adhesive to avoid warpage.	

Regulatory Compliance	CE (low-voltage and EMC directive), FCC, EAC, cTUVus, FCC, KC, RoHs, WEEE, Reach, RCM	
Safety	Operations of machine should be in closed chamber with necessary with double wall doors. Chamber door must auto lock during machine operations.	
Manufacturer and Bidder Credentials	Manufacturer of the supplied equipment must be ISO Certified. Copy of Certificate to be attached. The manufacturer of the quoted equipment should be in existence and should have supplied same similar machine in India for a period of minimum of 5 years and globally for a period of 10 years or more.	
	The bidder must have supplied machines at other Institutes in the past (a satisfactory performance certificate from those users may be solicited if needed).	
	Bidder should attach authorization letter to bid for the tender from OEM of the quoted system.	
Cyber security /Industrial Security Appliance	Printer should have IPV6 Support; the capability to protect the IP, Unauthorized access and defending the printer from cyber security attacks.	
Technical assistant	Vender must provide technical assistant to run the machine	
Warranty	Warranty will be Five years	
Accessories with materials	Related Accessories should be provided throughout the warranty Period	
Installation/Onsite advance design and hands on training for a week	Onsite advanced design and hands on training for a week after installation. Training would involve generation of STL files and their usage during printing of the items for the 7 to 10 days	

5. Item Name: Non-Laser Material Jetting technology 3D Printer (1 Nos).

Parameter	Specification	Complied (Y/N)
Technology:	Non-Laser Material Jetting technology for 3D printing of part from 3D CAD model using a photopolymer liquid material.	
Applications	Functional Modeling	
	Visual Modeling	
	Concept Modeling	
Build Volume	Print Tray area with up to 1,174cm ² (182 in ²) Print Height: 158mm (6.22 in.)	
	Maximum model height: 155 mm (6.1 in.)	
Layer Thickness	High Quality Speed (HQS) print mode at 18.75 microns (0.0007 in.)	
Accuracy	Parts produced should be within an accuracy of $\pm 0.2\%$ of part length or better.	

Capability	Machine should be able to print parts with 3 materials separately, as an assembly or in a mixed material option where you can achieve different mechanical properties & variable shore hardness in a single tray. It should meet office environment standards with small footprint and is odor free.	
Material varieties to be Supported	The printer should support photopolymer resins including simulate clear, flexible and rigid materials including abilities to print with the combination of Rubber-like shore, High Impact , Rigid opaque and Translucent and transparent material.	
	These materials can be printed simultaneously to achieve digital material compound parts, assembly parts, 3x single material parts and all together on the same tray.	
Pre fed Parameters	The parameters such as Nozzle Temperature, Chamber Temperature, and mixing etc should be pre-fed into the machine and slicing software. The printer/software should auto adjust all necessary parameters according to geometry and orientation. And the machine should be able to print any geometry without the user having to input/adjust the parameters.	
Support Material	The machine should be capable of water jet removable support as well as water soluble support to make post processing simple and enables the creation of complex parts without compromising accuracy or detail that dissolves in water. Water soluble support removal should be easy and hands free using a dishwasher or still water.	
Build Volume	Print Tray area with up to 1,174cm ² (182 in ²) Print Height: 158mm (6.22 in.)	
	Maximum model height: 155 mm (6.1 in.)	
Layer Thickness	High Quality Speed (HQS) print mode at 18.75 microns (0.0007 in.)	
Accuracy	Parts produced should be within an accuracy of $\pm 0.2\%$ of part length or better.	
Slicing and Control Software (Perpetual License)	Software supplied must be from the same OEM and should be compatible with Windows 10 or higher version. Use of 3rd Party software is not accepted.	
	Software should be able to import any native CAD formats like igs, vrml. stp, parasolid, native files of CAD packages etc and be able to repair errors like open surfaces, inverted normal,etc. without use of any 3rd party software.	
	Software shall be able to generate different customizable surface finish styles such as Glossy and Matte.	
	Software allows users to import their designs using native CAD files or 3MF file formats.	
	Software should be able to provide real time part build status update besides indicating build time and material consumption of the part.	

	Software allows the user to add various jobs to a queue for sequencing and job management.	
	Software should allow user to add manufacturing notes to sub-assembly, body or any face of the CAD model(s) imported.	
	Software should generate reports of printer history, jobs printed, failures, maintenance, materials consumption etc.	
Operational and Facility Requirements	Machine should be table top and compatible of working in office/lab environments setup. The system should be able to perform operation silently with minimal moving parts. It should effectively captures fumes generated during the printing process and returns ultra-clean, filtered air to the operator's breathing zone. It should only use model material for part printing. For any overhangs or supports it should always use support material.	
Material Handling	Material handling systems should be part of the Printer with automatic material loading, feeding and storage management system. All material canisters (model and support) should have feature to indicate the quantity of material available in the canister at any instance of the machine operation during idle or run time.	
	Machine should contain separate position each for model and support material. The machine should automatically show material status if insufficient for the loaded part at the start of the job itself.	
	Resin Material should be available in leak proof cartridges which can be directly inserted in the printer without having the need to expose the resin. Machine should auto-detect material type and remaining quantity.	
	In case any specific print job requires extra material for the same print, Hot -swap should be available for atleast 1 material.	
Connectivity and File Transfer	Ethernet protocol, USB and Wifi. User should have option of starting/ monitoring/pausing the job remotely.	
Display Feature	Machine should be capable to display the material availability in the canisters always. Display of the machine should indicate necessary parameters and screen should be of touch type with minimum 6.5 inches size.	
Regulatory Compliance	CE, FCC, EAC, cTUVus, CB, RCM	
Safety	Operations of machine should be in closed chamber with necessary safety measures.	
Warranty	At least 5 years comprehensive on-site warranty on complete set of equipment from the date of successful installation.	
	(1.) Total 15 KG of all supported material including the support material to be provided along with printer.	

Material Supply	(2.) Supplier will have to supply support removable cleaning station along with the printer. Support must be removed by water pressure	
Support Cleaning Station	Water Jet System for part Cleaning will have to supply.	

6. Item Name: Digital Light Processing Technology (DLP) 3D Printer (1Nos).		
Parameter	Specification	Complied (Y/N)
Technology	Digital Light Printing (DLP)	
Build volume (W × D × H)	Minimum: 300 × 150 × 300 mm Maximum: 350 × 300 × 400 mm	
XY resolution	2560 × 1440 or better	
Print speed	30 - 70 mm/h	
Layer Thickness	10 – 200µm	
Layer Height	50-100 micron or better	
Control Panel	Touch Screen 5 inches or more	
Resin Management	Auto Resin Feeding, Resin Level Detection, Resin Confirmation	
Supported Resins	Standard Resins, ABS Like, Water Washable, Castable, Aqua 4K resin, Rigid Resin, Engineering Grade Resin, Functional Part Grade Resin, Clear Resin, Elastic Resin etc. Resin Should be open Source.	
Software and Network Connectivity Network Slicing Software Remote Management Software Supported File Types Supported OS	Wi-Fi, LAN, USB port × 2, Wireless 802.11 b/g/n (Features: Antialiasing; Auto Support; Auto Orientation; Auto Cross Section Analysis; Contour Compensation; Suction Cup Detection; Hollow; Drainage Hole; Texture Generation; Smaller G code Size) Raise Cloud STL/ OBJ/ 3MF etc	
Material	Minimum 10 KG Of Different Resin based Material	
Warranty	5 Years comprehensive for all the supplied items	
Post Processing Station	UV Curing Chamber & IPA Wash Station to be supplied.	

7. Item Name: Clay 3D Printer (1 Nos)		
Parameter	Specification	Complied (Y/N)
Print Technology	Liquid Deposition Modelling (LDM)	
Build Volume	ø 200 mm x 400 mm	
Nozzle Diameter	1.5 mm \2 mm \3 mm	
Layer Height	from 0.5 mm to 2 mm varies based on Nozzle size	

Build Plate	Phenolic Plywood Printing Plate	
Travel Speeds	Maximum till 150 mm/sec	
Extruder Type	Screw extruder which features a stainless -s teel extrusion screw that enables printing with retractions.	
Mechanical System	Delta	
Accuracy	Capable to print a file starting from a precise height of the model to be printed, height previously selected	
Printing Speed	Up to 150 mm/sec	
Materials	Earthenware, Porcelain, Stoneware, Refractory, Clays	
Enclosure	Made out of Aluminium	
Screen	7 Inch Full View Color Display Touch Screen	
Software	1. Slicing Software - Simplify 3D/ Cura 2. Input File Format - STL/OBJ/3MF 3. Operating Software - Windows, Mac, Linux 4. Output File Format - G code	
Resume Printing	A system which allows users to save their print job and resume it in the case of power failure.	
Network connectivity	Enables remote use via LAN or with USB stick.	
Run time parameter	Printing parameter can be change during printing.	
Fully Enclosed Body	Powder Coated Aluminium Body	
Powder Coated Aluminium Body	G code Controlled Heated Chamber	
Monitoring	Camera On Board	
Power Voltage Input	220 -2 40VAC, 50Hz	
Power Wattage	Max 300W	
Power requirements	Universal power	
Vendor should provide the following accessories	1. Tank for m aterial 2. Nozzle Set 3. Printing Plate 4. Raw Material of minimum 10 kgs 5. Min. 8 bar 50 Litre. compressor with pipes 6. Software for slicing 7. Material Tube 8. Related Accessories should be provided throughout the Warranty Priod.	
Warranty	Warranty will be Five years	
Technical assistant	Vender must provide t echnical assistant to run the machine	
Installation/Onsite advance design and hands on training for a week	Onsite advanced design and hands on training for a week after installation. Training would involve genera tion of STL files and their usage during printing of the items for the 7 to 10 days.	

8. Item Name: 3D Scanner (1 Nos).		
Parameter	Specification	Complied (Y/N)
Scanning Technology	Handheld Blue Laser 3D Scanner	
Laser Wavelength	Blue laser (~450 nm) or more.	
Accuracy	≤ 0.05 mm.	
Volumetric Accuracy	≤ 0.08 mm/m.	
Scanning Speed	≥ 80 FPS.	
Resolution	≤ 0.20 mm.	
Object Size Range	Minimum 5 cm to 5 m.	
Working Distance	300 – 450 mm.	
Output File Formats	STL, OBJ (minimum).	
Software	OEM scanning & post-processing software.	
Operating Environment	Workshop / Laboratory or more.	
Controls and indicators	3 control buttons with 3 LED indicators or better	
Scanner weight	850 gm or better	
Scanner dimensions	290 x 180 x 90 mm or smaller.	
Laser Safety Class	Eye Safety Laser Class IIIb Mandatory or better	
Number of Points per Second	$\geq 1,200,000$ points/second (Mandatory) or more.	
Operating temperature	0°C to +45°C	
Scanning mode	Minimum three (3) scanning modes or better	
Warranty	Minimum 5-years comprehensive onsite warranty	

9. 3D Modelling Software – 30 Users (Perpetual License)

- **Powerful Overdrive™ modeling kernel**
- **Easy to Learn & Use**
The built-in Show-n-tell tutorials reduce training costs and maximize productivity.
- **Powerful Data Exchange**
 - I. Directly read 3D models from CATIA, NX , Creo(Pro/E), SolidWorks, Solid Edge& Inventor.
 - II. Support many different kinds of standard form, such as: IGS, DWG, DXF, Parasolid, Step, STL,JT
 - III. Directly export models to Catia V5/6 or 3D PDF.
- **PMI and 2D sheet**
 - I. 3D model associated PMI

- II. 3D model associated 2D drawing
- III. 2D drawing inherit dimension from PMI
- IV. Customizable dimension and annotation style
- V. Easily reused table template and Sheet template

➤ **Hybrid Modeling**

- I. Work seamlessly with wire frame, solids and surfaces
- II. Direct edit and Quick edit--- Easy and quick edit any imported geometry
- III. Communicating is easy with a complete 2D sheet
- IV. Work with any imported file
- V. Class-A surface and powerful morphing

➤ **Assembly**

- I. Design assemblies top-down & bottom up
- II. Quick edit part from assembly
- III. Check interference with built-in motion simulation
- IV. Integrated Part Solutions Library
- V. Easy to activate the different part configuration and assembly configuration

➤ **Reverse Engineering**

- I. Should have mainstream CAD/CAM system to offer built-in reverse engineering functionality.
- II. Work with STL, point cloud and scan data
- III. Refine meshes, build surfaces or repair gaps

➤ **Sheet Metal**

- I. Flexible tools for designing sheet metal.
- II. Powerful analysis tools.
- III. Variable manufacturing information

➤ **Mold Design**

- I. Automatic and manual parting lines, shutoffs, inserts, slides, cooling channels, core & cavity and mold bases
- II. Speeds creation of the mold electrodes and automatically handles offset and associative electrode tables
- III. Integrated libraries provide easy access for mechanical and mold designers

10. Desktop Workstation – 10 nos

- Intel Core i7 processor and minimum 14th Gen
- Tower Type Cabinet
- Intel W580 Chipset
- 750W PSU
- 92% Efficiency
- 16 GB RAM (Upgradable upto 128 GB) 1TB HDD
- 7200 RPM + 512 GB M.2 NVME SSD *
- GRAPHICS T1000 Quadro 4 GB Graphic Card
- Window 11 Professional (OEM) and MS office recent version (Office 365).
- Minimum 22" IPS Monitor
- Key Board, Mouse, UPS and other accessories.
- 5 Years Onsite Warranty.

11. Interactive Touch Panel Board-1 No

S.N.	Feature	Specification	Compliance (Y/N)
1	Interactive Panel Size	85 Inches or higher	
2	Aspect Ratio	16:09	
3	Resolution	3840x2160 (4K-UHD resolution)	
4	Contrast Ratio	4,000:1 or higher	
5	Brightness	350cd/m2 or higher	
6	Response Time	6 ms or better	
7	Viewing Angles	178°:178° (Horizontal/Vertical)	
8	Backlight Life	50,000 Hours or more	
9	Glass thickness	3mm or above	
10	Special features	non-glare panel, Display should have feature to access a remote PC using RDP ,Office 365 Data or Virtual Desktop(External PC in same intranet can be access from display).	
11	Touch Technology	Infrared Touch	
12	Touch Point	10 points or higher	
13	Input/ Output Interface or more	2xHDMI Input (3840x2160); 1xHDMI Output (3840x2160); 1xDisplay Port Input (3840x2160); 1xAudio Out; 1xRS232 Serial interface; 1xRJ45 LAN Port; 2xUSB 2.0 Type A; 1xUSB 3.0 Type A; 2xUSB 2.0 Type B (for touch)	
14	Connectivity	WIFI, RJ45 wired and DC Port for OPS/PC	
15	Speakers	2*10W built-in Speaker	
16	Installation Type	Wall Mounting	
17	Inbuilt OS	Windows/Android/Tizen ; 3 GB or above RAM DDR4; 16 GB or above ROM	
19	Certifications	BIS, CE, UL, FCC,	
20	Warranty	5 Yrs Support	

12. Tables for Desktop Workstation and 3D Printers- 15 Sets.

Reputed Brand Required.

Minimum size of the tables given below.

Minimum (40 x 40 x 30) inches – 2 Nos.

Minimum (40 x 30 x 29) inches - 10 Nos.

Minimum (65 x 40 x 30) inches - 1 Nos

Minimum (30 x 30x30) Inches- 2 Nos

13. Furniture

Storage Almirah (Minimum 2 Doors) – 2 Nos.

Almirah made of MS with front glass door for viewing the tools, accessories, consumables etc.

Powder coated. Provision to hang /place tools inside the almirah Minimum H x W x D : (60 x 48 x 22) inches.

14. 20 KVA Online UPS with 60 Min Backup.

Item Descriptions		Compliance (Y/N)
Rating in KVA(KVA)	20KVA; Must be conforming to IEC 62040-3;	
Technology	IGBT-PWM with inbuilt Isolation transformer, external not allowed	
Input Power	Three phase 160V- 260V sinewave, 50Hz	
Output Power	Three Phase 230V +/-1% with alternative user set table setting of 230V +/-1% 50 Hz	
Backup time (Minutes)	60	
Minimum VAH(VAH)	12000 or Higher	
Warranty for UPS (Years)	5	
Movable trolley for Batteries	Without trolley but with rack	
Warranty for battery (Years)	5	
Cabling 5meters for input and output	Without	
Paralleling kit for synchronizing	Without	
Installation and Commissioning	Yes	
Minimum thickness of M.S. Sheet Enclosure duly painted (mm)	1:2	
Type of Battery	SMF-VRLA conforming to JISC:8702 (Pt. I, II & III)	
Maximum over shoot and Under shoot of output rated voltage	4	
Voltage Regulation from no load to full load(%)	<=3%	
20% Overload limit for minimum 10 minutes	Yes	
Overall Efficiency (%)	>=90%	
Total Harmonic Distortion (THD)(%)	Maximum 3%	
50% Overload limit for minimum 1 minutes	Yes	
Protection for under voltage at battery terminal at 10.5V per 12 V battery	Yes	
Protection of Overvoltage, Short Circuit & over load at UPS output terminal	Yes	

15. Dehumidifier with minimum area coverage of 6500 cu.ft.(1nos)

Supplier should provide dehumidifier to maintain Humidity level should be within suitable range for machine operation

Coverage Area: Minimum 6500 cu.ft.

Control System: Digital Control Panel

Warranty: 5 Years comprehensive warranty

**** The quantity specified in this RFP is subject to variation of up to $\pm 25\%$, depending upon the actual requirement of DTE&T.**

7. Deliverable and Payment Schedule:

The selected company will have the following deliverables: -

SL No	Deliverable	Time Line	Amount Payable
1	Milestone 1: i) Pre-Delivery inspection of sample equipment. ii) Delivery of the material, equipment, PPE and Tools & Tackles in good condition at the CoEs. iii) Visual inspection of equipment and certify by the Principal of the CoEs.	Within 4 months of signing the Contract Agreement (MoA)	40% of the 'Total Order Value (Base Price)' with 18% GST on the Total Base Order Value, within 30 days of receipt of the invoices.
2	Milestone 2: i) Complete setup of CoEs including Civil and Electrical works (interior design, electrical cabling and infrastructure work etc.) ii) Installation & Commissioning to be completed of all equipment. iii) Inspection and testing of equipment for the Centre of Excellences and stock entry. iv) Submission of safety certificates (if any) from competent authorities, supply of Machine Consumables, safety equipment etc. Complete setup of the CoEs.	Within 6 month of signing the Contract Agreement (MoA)	40% of the 'Total Order Value' within 30 days of complete setup of the CoEs.
3	Milestone 3: i) Completion of the Handholding period (three years) ii) Placement opportunities given to the 50% trainees who successfully trained and certified.	Completion of hand-holding training & placement : 1st Year: Within 18 months of signing the Contract Agreement (MoA). 2nd Year: Within 30 months of signing the Contract Agreement (MoA). 3rd Year: Within 42 months of signing the Contract Agreement (MoA).	20% of the 'Total Order Value' will be released in equal 03 (three) installments. 1/3rd of 20% of the 'Total Order Value' after completion of every Year's hand-holding training, certification and placement opportunities provided.
4	Milestone 4: CoE wise Comprehensive Annual Maintenance Cost (CAMC) (if any) for 3 (three) years immediately after the date of expiry of comprehensive warranty for 60 months for the equipment/machines supplied at CoE.	Payment shall be released annually on completion of CAMC subject to satisfactory performance and due recommendation from concerned principal/Head of institute.	100% of the annual awarded value within 30 days of submission of Tax invoice along with certification from the Principal of consignee institute.

Other Conditions:

- No Advanced Payment will be given to the selected bidder.
- Payment for 'Milestone 1' & 'Milestone 2' will be done after inspection from nominated technical experts or 3rd Party Agency/consultants/advisors appointed by DTE&T and satisfactory reports from them.

8. SECTION IV: Technical Bid Submission Forms (Cover-1)

TECH -1

COVERING LETTER

(ON BIDDERS LETTER HEAD)

Sub: “RFP for establishment of CoE in Additive Manufacturing at Govt. ITIs”. [TECHNICAL BID]

Dear Sir,

I/We (Name of the Bidder) hereby submit our Proposal in response to notice inviting RFP date and RFP document no.....and confirm that:

1. With reference to your RFP document dated, I/we, having examined the Bidding Documents and understood their contents, hereby submit my/our Bid. The Bid is unconditional and unqualified.
2. I/We acknowledge that the DTE&T will be relying on the information provided in the Bid and the documents accompanying the Bid for selection of the Bidder for the aforesaid project(s), and we certify that all information provided therein is true and correct; nothing has been omitted which renders such information misleading; and all documents accompanying the Bid are true copies of their respective originals.
3. This statement is made for the express purpose of qualifying as a Bidder for the aforesaid Project.
4. I/ We shall make available to the DTE&T any additional information it may find necessary or require to supplement or authenticate the Bid.
5. I/ We acknowledge the right of the DTE&T to reject our Bid without assigning any reason or otherwise and hereby waive, to the fullest extent permitted by applicable law, our right to challenge the same on any account whatsoever.
6. I/ We certify that in the last three years, we have neither failed to perform on any contract, as evidenced by imposition of a penalty by an arbitral or judicial authority or a judicial pronouncement or arbitration award, nor been expelled from any project or contract by any public authority nor have had any contract terminated by any public authority for breach on our part.
7. I/ We declare that:
 - I/ We have examined and have no reservations to the Bidding Documents, including any Addendum issued by the DTE&T;
 - I/We do not have any Conflict of Interest in accordance with Clause 12 of the RFP document;
 - I/We have not directly or indirectly or through an agent engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as defined in the RFP document, in respect of any tender or request for proposal issued by or any agreement entered into with the DTE&T or any other public sector enterprise or any government, Central or State; and

- I/ We hereby certify that we have taken steps to ensure that in conformity with the provisions of Section 14 of the RFP, no person acting for us or on our behalf has engaged or will engage in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice.
8. I/We understand that the DTE&T may cancel the Bidding Process at any time and that the DTE&T is neither bound to accept any Bid that you may receive nor to invite the Bidders to Bid for the Project, without incurring any liability to the Bidders.
 9. I/ We agree and undertake to abide by all the terms and conditions of the RFP document.
 10. I/ We offer a Bid Security/EMD to the DTE&T in accordance with the RFP document.
 11. I/ We agree and understand that the Bid is subject to the provisions of the Bidding Documents. In no case, I/we shall have any claim or right of whatsoever nature if the Project is not awarded to me/us or our Bid is not opened or rejected.
 12. I/ We certified that the period of validity of Proposal is till the end of the Contract Agreement period and I/We are quoting for all the services mentioned in the Scope of Work of the RFP.
 13. DTE&T, Odisha, may contact the following person for further information regarding this Proposal:

Name and full address of office, Contact No., Email ID, Company Name

In witness thereof, I/we submit this Bid under and in accordance with the terms of the RFP document

Yours sincerely,

Consortium Agreement

This Consortium Agreement is executed on this _____ day of _____ at between; M/s _____, a company incorporated under (indicate the Company's Act.) and having its registered/principal office at _____ (herein after referred to as "Leader of the Consortium" which expression shall include its legal successors, executors and permitted assigns) on the first part,

and

M/s _____, a company incorporated under _____ (indicate the Company's Act) and having its registered/principal office at _____

(herein after referred to as "First Consortium Partner" which expression shall include its successors, executors and permitted assigns) on the second part,

Each of the above entities shall individually be referred to as "Consortium partner" and collectively as "Consortium".

Whereas, Directorate of Technical Education and Training (DTE&T), Odisha, (under the administrative control of Skill Development & Technical Education Department, Government of Odisha) having its registered office at Killa Maidan, Buxi Bazaar, Kataka-753001, Odisha, India (herein after referred to as the "Purchaser") has floated a tender no. _____ dtd. _____ for _____.

As per the above mentioned tender conditions, Consortium formed among individual entities are allowed to qualify and participate as a bidder as per the Qualification Requirements stipulated in the tender. Towards this purpose, the consortium partners mentioned above hereby joined together to form a consortium. This consortium agreement is entered into by the above mentioned consortium partners for the purpose of submitting the bid against the above mentioned tender to the Purchaser jointly as a bidder to meet the qualifying requirements of the tender, towards execution of contract in case of award of the contract by the Purchaser and furnish performance towards equipment/system as per the conditions of the contract.

NOW, THEREFORE, the above mentioned entities hereby agrees as follows:

1. We, the consortium partners learned and understood the terms and conditions of the tender no. for issued by the Purchaser meeting the qualifying requirement indicated therein.
2. The financial percentage participation by each consortium partners shall be as indicated below.
 - a) M/s _____: _____%
 - b) M/s _____: _____%
3. We, the consortium partners hereby agree that M/s. _____ shall act as the Leader of the consortium who shall have authority to bind each of the consortium partner(s). The Leader of the consortium shall be responsible towards:
 - (a) preparation and submission of bid on behalf of the consortium
 - (b) to negotiate with the Purchaser (if selected by the Purchaser for negotiation)
 - (c) acceptance of the contract on behalf of consortium,
 - (d) correspondence with the parties, co-ordination between the Purchaser, Consortium Partners

and other agencies concerned,

- (e) submission of the Performance Securities and other documents,
 - (f) to submit invoice and other documents and receive the payment,
 - (g) to ensure performance of the equipment/system as the case may be.
 - (h) to respond promptly in settlement of disputes arising during any stage from submission of bid till closure of contract
 - (i) to participate in the process of arbitration.
4. In case award of contract by the Purchaser, we to this the consortium partners Consortium Agreement do hereby agree that we shall furnish the contract performance guarantee in favor of the Purchaser from a Bank as per the said tender/contract conditions for a value stipulated in the Contract awarded and such guarantee shall be in the name of the Leader of the Consortium.
 5. Each of the consortium partners shall be jointly and severally responsible for performance of the contract. Further, the consortium partners shall be jointly and severally responsible for discharging all the obligation of the contract.
 6. Any correspondence exchanged with the leader of the consortium shall be binding on consortium partner(s).
 7. The leader of the consortium shall ensure performance of the equipment/system on behalf of the Consortium.
 8. The consortium partners shall bear the pre-tender expenses incurred by them.
 9. It is agreed that Consortium Partner(s) of this agreement will not assign or transfer any of their rights or obligations under this agreement without the written consent of the Purchaser as well as the other consortium partner(s).
 10. We, the consortium partners hereby undertake and confirm that none of the consortium partner is blacklisted / debarred for business by any of the Government Organisations /Public Sector Units.
 11. In case of breach of the said contract by any of the partners of the Consortium, the other consortium partner(s) hereby agree to be fully responsible for the successful execution/performance of the Contract in accordance with the terms and conditions of the contract.
 12. Further, if the Purchaser suffered any loss or damage on account of any breach of the Contract or any shortfall in the completed equipment/plant, meeting the guaranteed performance parameters as per the technical specifications/contract documents, the Leader of Consortium, Consortium Partners for the present contract shall undertake promptly to make good such loss or damage caused to the Purchaser, on the Purchaser's demand without any demur. The Purchaser shall have the right to proceed against anyone of the consortium partners and it shall neither be necessary or obligatory on the part of the Purchaser to proceed against the Leader of the Consortium to the present contract before proceeding against the first or the second consortium partner.
 13. Each Consortium Partners hereby covenants that it will perform its obligations in full compliance with the conditions of the contract/purchase order (if and when issued by the Purchaser), Consortium Agreement as per the regulations and statutory laws of India. In case of conflict between Contract/Purchaser Order issued by the Purchaser and Consortium Agreement, Contract/Purchase Order shall take precedence over the Consortium Agreement.
 14. The responsibilities for performing execution of the said contract by each consortium partner is as indicated in the Annexure-I. It is further agreed by the consortium partners that the above sharing of responsibilities and obligations shall not in any way be a limitation of joint and several responsibilities of the members under this agreement.
 15. We, the consortium partners hereby agree that this consortium agreement remains unaffected due to any change in the Article of Association of any one or any number of consortium partners with

immediate or retrospective effect.

16. This Consortium Agreement shall be governed, construed and interpreted in accordance with Laws of India. Courts of Mumbai shall have exclusive jurisdiction in all matters arising there under.
17. The consortium partners shall maintain confidentiality of the information pertaining to this agreement and the information related to execution of the contract.
18. It is further agreed that this Consortium Agreement shall be irrevocable and shall form an integral part of the Contract and shall continue to be enforceable till the Purchaser discharges the same. It shall be effective on the date first above mentioned for all purposes and intents.

AND

M/s. [•], a company incorporated under the provisions of the Companies Act, 1956/2013 or a registered partnership firm under the provisions of the Indian Partnership Act, 1932 or a LLP firm registered under LLP Act, 2008 and having its registered office at [•] (hereinafter referred to as the “Service Provider” which expression shall unless repugnant to or inconsistent with the context, mean and include its successors and assigns) of the other part.

WHEREAS

- i) the Service Provider, in the ordinary course of its business, is engaged in providing [•] services to its clients, and have represented to DTET through their bid(s), against Bid document No. [•] dated [•] (hereinafter called the “Tender”) for the Procurement of Goods and provide Annual Comprehensive Maintenance Services (CAMC) for the equipment/machines supplied at CoE, after completion of warranty period - [•] (through e-procurement tender process);
- ii) on the basis of the said Tender, DTET has adjudged the Service Provider as a successful Bidder and issued Letter of Award (LoA) No. [•] dated [•] for the same;
- iii) the Service Provider has agreed through their letter of acknowledgement vide letter No. [•] dated [•] to perform and undertake the scope of work as described in the Tender;
- iv) the Service Provider is being engaged to provide the required services on the terms and conditions set forth in this Agreement;

NOW THEREFORE THE PARTIES hereby agree as follows:

1. The mutual rights and obligations of the Service Provider and DTET shall be as set forth in this Agreement, in particular:
 - The Service Provider shall provide the services in accordance with the provisions of this Agreement; and
 - DTET shall make payments to the Service Provider in accordance with the provisions of this Agreement.
2. **Conditions of Contract**
 - (a) **Contract Period:** Annual Comprehensive Maintenance Contract (CAMC) initially valid for fifteen months and may be extended further if necessary.
 - (b) **Payment Terms:** 100% of the annual awarded value (final quoted /negotiated prices) within 30 days of submission of Tax invoice along with certification from the Principal of consignee institute.

Payment shall be released annually on completion of CAMC subject to satisfactory performance and due recommendation from concerned Principal/Head of institute.

(c) Other Terms and Conditions:

- i. Maintenance services shall consist of Preventive and Corrective maintenance of equipment specified above & will include supply and replacement of parts free of cost.
- ii. Preventive maintenance, half-yearly once to be done, should include:
 - a. Check-up to ensure that device connection is proper; cabling is at proper condition etc.
 - b. Cleaning of the above equipment & checking the system performance.
- iii. The Supplier is to furnish the tentative schedule of the preventive maintenance for the equipment mentioned above of Comprehensive Annual Maintenance Contract (CAMC) to be carried out.
- iv. The parts replaced must be new parts or equivalent in performance to new parts.
- v. All software updates should be provided free of cost during CAMC period
- vi. The Supplier will also provide the same maintenance service in case of the movement of equipment from the place of original installation to a different place or lab within the consignee institute's premises.
- vii. Any complaint informed through telephone/e-mail must be acknowledged with a Complaint No. by the Supplier which will be noted by Consignee. All further contact with the Supplier on such complaint will be initiated through that Complaint No. Once rectification is done, that No. will be cancelled by both parties. A register is to be maintained by the Supplier where complaints are to be noted along with Complaint No.
- viii. The maintenance shall normally be done during working hours of the customer i.e. from 10 AM to 5 PM. However, in case of emergency, maintenance may have to be done beyond office hours and even on holidays. Prior arrangement through proper communication should be worked out in all such cases by the Supplier and the Consignee.
- ix. The Service Engineer of the Supplier will be allowed to handle the respective equipment only in presence of the officer in charge at the Consignee site.
- x. The Supplier should ensure that maintenance job is not hampered / delayed due to paucity of spares/ inadequate manpower, etc.
- xi. The Supplier should submit the service call report to the Consignee for each and every service call without fail.
- xii. In case of delay / lack of communication, penalty will be calculated as mentioned below in CAMC Clause.

COMPREHENSIVE ANNUAL MAINTENANCE CONTRACT CLAUSE

Category of Maintenance	Response Time	Penalty/Delay Charges
Minor faults	Immediately with telephonic or email support or maximum within 48hrs from the actual time of reporting of the problem to the Supplier.	0.5% (Half Percent) of the total contract value (without tax) shall be deducted for every week's delay. The delay charges will be deducted from the pending payment or Performance Security submitted by the Supplier. In no context the total delay charges will exceeds 5% of the total Contract Value (excluding taxes).

Minor repair which requires visit to the Consignee Institute	Within 7 days of complaint registered.	
Major breakdown or replacement of parts	Within 15 days from the complaint registered to supplier.	

- xiii. A logbook shall be maintained in which the vendor shall record all the complaints made and parts taken out of branches/office for repair. The vendor shall submit copy of consolidated complaint reports furnishing the details of institute-wise breakdown calls lodged/attended and its status on quarterly basis to Purchaser's office at Cuttack.
- xiv. Repair and servicing of equipment shall be carried out at consignee institute sites, in case the equipment is required to be transported to the Supplier's/manufacture's service workshop for repairs, the same shall be undertaken at the risk and cost of the Supplier. Moreover, the Supplier may furnish Security Amount in form of Demand Draft (equal to the cost of the equipment/machine) to the Principal of the Consignee Institute before the equipment taken out from the consignee institute.
- xv. After completion of the work/repair/maintenance, the Principal of the consignee institute shall issue a certificate of completion to the supplier.

- (d) The Agreement shall be governed by the laws of India and the courts of Bhubaneswar/Kataka shall have exclusive jurisdiction over all disputes arising under, pursuant to and/or in connection with this Agreement
- (e) This Agreement has been executed in English, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Agreement

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective authorized representatives on the day and year first before written.
